Office of School Facilities  
Jaime G. Torr ns, Chief Facilities Officer

**SUBJECT:           AGREEMENT BETWEEN MIAMI-DADE COUNTY AND THE  
SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA, FOR  
THE CONSTRUCTION OF WATER AND WASTEWATER  
FACILITIES TO SERVICE E.W.F. STIRRUP ELEMENTARY  
SCHOOL - MODULAR ADDITION  
PROJECT NO. 00407900**

**COMMITTEE:           FACILITIES AND CONSTRUCTION REFORM**

**LINK TO  
STRATEGIC PLAN:       IMPROVE CONSTRUCTION SERVICES**

In order to provide potable water, irrigation and adequate fire protection services to the E.W.F. Stirrup Elementary School site, the Board must install and connect a water main, fire hydrants and other appurtenances to the existing Miami-Dade County (County) infrastructure (see location map).

The 8-acre school site is located at 330 NW 97 Avenue. A proposed 12-inch water main will interconnect with an existing County-owned 12-inch water main on NW 97 Avenue and then interconnect with a proposed 8-inch water main, in order to provide water services and adequate fire protection to the proposed school facility. The approximate cost for the installation of these water facilities is \$51,064.

The agreement for the water and wastewater facilities installation has been reviewed and recommended by the Office of School Facilities. The School Board Attorney's Office will review and approve the Agreement prior to execution. Utility facilities constructed on Board-owned property will be conveyed, with appropriate easements, to Miami-Dade County for future maintenance and operation.

**RECOMMENDED:** That The School Board of Miami-Dade County, Florida, authorize the Superintendent or his designee to execute an agreement with Miami-Dade County and the execution of relevant conveyance documents for the provision of water and wastewater services for the modular addition at the E.W.F. Stirrup Elementary School. Project No. 00407900, at an approximate cost of \$51,064.
