

Ms. Ana Rivas Logan, Board Member

**SUBJECT: THAT THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA, APPROVE RESOLUTION NO. 08-77 REQUESTING THAT THE MIAMI-DADE COUNTY BOARD OF COUNTY COMMISSIONERS PLACE A QUESTION ON THE NOVEMBER 2008 BALLOT ON WHETHER TO CHANGE THE POSITION OF THE SUPERINTENDENT OF SCHOOLS FROM AN APPOINTED POSITION TO AN ELECTED POSITION**

**COMMITTEE: INSTRUCTIONAL EXCELLENCE & COMMUNITY ENGAGEMENT**

**LINK TO DISTRICT STRATEGIC PLAN: IMPROVE TRANSPARENCY OF DECISION-MAKING THROUGHOUT THE DISTRICT**

In a recent publication of the *Miami Herald* several Board members expressed an interest in engaging in a discussion to move to an elected superintendent. Florida has 67 superintendents of which 43 are elected and 24 are appointed by local county school boards. Making the position of the Superintendent accountable to the electorate will prove to be a more open and transparent process. Allowing the voters the opportunity to elect the Superintendent will give them a voice in the public education arena. A county-wide elected position, at the conclusion of its term, will be held accountable to all citizens of Miami-Dade County.

An elected Superintendent has proven to be a more stable form of governing structure. Florida research shows that an elected Superintendent serves for an average of 10.6 years, whereas the Council of Urban Boards of Education (CUBE) reports that the average appointed Superintendent serves 4.6 years.

There are many success stories from school districts which currently have an elected Superintendent. Martin County Schools Superintendent, Sara Wilcox, has been the county's Education Chief since November 1994. She has been the leader behind one of the state's top-rated school districts for 14 years. David Miller, a third-generation Wakulla County educator, has been returned to the elected office of Superintendent three times. He is in his thirty-fourth year of service with the Wakulla County School Board. Monroe County School District Superintendent, Randy Acevedo, is an elected Superintendent who is currently serving his fourth year, touting an "A" District for the third year in a row and ranked with the highest GPA in the state.

**H-3**

State statutes dictate that this position will serve a four-year term. Miami-Dade County, being a large and diverse community, has a vast number of highly qualified individuals who will be interested in holding this office. Upon approving the reform by the voters at the November 2008 General Election, it will subsequently return to the voters for a candidate of choice. Action by the Governor or a recall initiative from the electorate are the only ways to remove an elected Superintendent before his term expires.

Since the Superintendent must reside in the district, he/she will be familiar with the community they will be serving. An elected Superintendent will serve as part of a checks and balances governance structure to the elected School Board members. An elected Superintendent will be under the watchful eye of the citizens of the county and therefore will better serve the students of Miami-Dade County Public Schools while working together with the School Board, county leaders, staff, teachers and the community.
