Office of Superintendent of Schools Board Meeting of December 10, 2008

**Financial Services** 

Richard H. Hinds, Chief Financial Officer

SUBJECT:

PREQUALIFICATION OF CONTRACTORS FOR EDUCATIONAL

**FACILITIES CONSTRUCTION** 

COMMITTEE:

**FACILITIES AND CONSTRUCTION REFORM** 

LINK TO DISTRICT

STRATEGIC PLAN: IMPROVE THE EDUCATIONAL FACILITIES INSPECTION

PROCESS AND ENSURE COMPLIANCE WITH FLORIDA

**BUILDING CODE** 

On December 9, 1998, The School Board of Miami-Dade County, Florida, adopted School Board Rule 6Gx13- <u>7D-1.05</u>, Prequalification of Contractors for Educational Facilities Construction. This rule was created pursuant to Section 1013.46 Florida Statutes and State Requirements for Educational Facilities (1997 [SREF]), and requires school districts to prequalify contractors prior to bidding construction contracts. The statute became effective July 1,1998.

As a part of reengineering the prequalification process, the rule was amended in May 2004, which sets forth operating procedures that ensure full compliance with Florida Statutes and SREF. Moreover, the rule delineates the duties and responsibilities of staff to ensure that appropriate documentation is provided to the Prequalification Review Committee (Committee) for the initiation of delinquency proceedings to revoke or suspend the certificate or invoke contractual remedies. The Office of School Facilities will collect information such as inspection and plan reviews, punch list data, schedule and quality information, quarterly evaluations and any other pertinent documentation deemed necessary, pursuant to the prequalification Board Rule. Furthermore, construction is also developing a formal training program to assist staff in documenting and compiling evidence to support the non-performance of contractors. The District believes that upon the continued implementation of the enhanced policies and procedures, contractors deemed non-responsible will be ineligible to perform District work.

The Committee evaluated applications from eleven (11) companies that applied for contractor prequalification certification, and from sixteen (16) companies to either increase a Contractor Prequalification limit, or to renew a Contractor Prequalification Certificate. This item also includes project information for each company that has performed work as a prime contractor for the District.

**RECOMMENDED:** That The School Board of Miami-Dade County, Florida:

- 1. approve the prequalification and renewal certifications of contractors as indicated on Attachment A, pages 1 through 11; and
- 2. approve the increase of the prequalification limit of ABC Construction, Inc. and DiPompeo Construction Corporation as indicated on Attachment A, page 11.

RBC/ro Attachment A

## ATTACHMENT A F-80

## **NEW APPLICANTS**

	Oissis District	\$200,000
Andale Group, LLC	Single Bid Limit:	\$200,000
