STRATEGIC PLAN: IMPROVE STAFF SATISFACTION AT ALL LEVELS**

The Milken Family Foundation National Educator Awards program provides public recognition and financial rewards to elementary and secondary school teachers, principals and other education professionals who are furthering excellence in education. By honoring outstanding educators, the program strives to attract, develop, motivate and retain talented people to the challenge and adventure of teaching.

In the early 1980s, education reform pioneer Lowell Milken conceived and created an awards program to acknowledge educators' crucial contributions to our national well-being. His main belief was—and is—that an effective way to advance the teaching profession is to reward educators' achievements, enhance their resources, and expand their professional interests.

Ms. LaKenya Sanders-Sharpe, Science and Mathematics teacher at Van E. Blanton Elementary School, was awarded a \$25,000 Milken National Educator Award in a surprise ceremony held at Van E. Blanton. Ms. Pam Stewart, Deputy Chancellor, Florida Department of Education, presented the award.

Ms. Lakenya Sanders-Sharpe began her career in Miami Dade County Public Schools in October 2005 at Van E. Blanton. Ms. Lakenya Sanders-Sharpe is a graduate of Nova Southeastern University with a degree as an Educational Specialist, Masters of Arts in Education from the University of Phoenix and a Bachelor of Arts Degree from the University of Florida. Ms. Sanders-Sharpe is to be commended for her commitment and dedication by engaging students and finding different ways to reach students so they get it. "She steps out of the box".
