STRATEGIC PLAN: ENHANCED STUDENT WELLNESS EDUCATION**

The Department of Food and Nutrition and Dade County School Food Service Association request that the Board adopt Resolution No. 09-97 proclaiming the week of October 12-16, 2009, as National School Lunch Week. National School Lunch Week is a special week made possible by the School Nutrition Association, when attention is focused on the benefits of school meals.

The primary goal of the Child Nutrition Program is to improve the health and nutritional status of students. This year's theme, "**All Star School Lunch**" is a slam-dunk to help students learn about the importance of eating healthy and being active. The NBA inspired campaign features five "basketball teams", each comprised of healthy school lunch menu items and coached by a current or former NBA/WNBA player. Activities to promote the theme, "**All Star School Lunch**" include a contest on line at www.allstarschoollunch.org, or in school cafeterias to draft and name their very own All-Star Team, while explaining why their team is healthy.

Studies have shown that students who consume nutritious meals have the greatest success in school. Healthy eating correlates with fewer trips to the school nurse and less absenteeism. Food service managers have been provided materials to involve principals, teachers, students, parents, and the community in planned nutrition-related activities during this special week.

RECOMMENDED: That The School Board of Miami-Dade County, Florida, adopt Resolution No. 08-85 proclaiming the week of October 12-16, 2009, as National School Lunch Week.
