At or about the same time that the Autism Intensive Communication Academy at Blue Lakes Elementary School was opened, a similar – and successful – program was closed at Bel-Aire Elementary School. The students who participated in the program at Bel-Aire were dispersed to different schools that are not ready, willing and/or able to provide a Free Appropriate Public Education (FAPE) as required by law. Moreover, the equipment from the program at Bel-Aire did not follow the students to their new schools – rather, based on reliable reports, it was sent to Blue Lakes for the new program. That equipment needs to be returned or replaced without further delay.</li> </ol> |
