SUBJECT: RESOLUTION NO. 10-024; REQUESTING ISSUANCE BY THE STATE BOARD OF EDUCATION OF FLORIDA OF \$640,000 OF CAPITAL OUTLAY BONDS FOR AND ON BEHALF OF THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA

COMMITTEE: INNOVATION, EFFICIENCY & GOVERNMENTAL RELATIONS

LINK TO STRATEGIC FRAMEWORK: FINANCIAL EFFICIENCY/STABILITY

The State Board of Education (SBE) is authorized to issue SBE bonds on behalf of Florida school districts. The proceeds from such bonds may be used to fund PECO eligible capital projects or projects approved by the State. The bonding capacity of a district is calculated by the Department of Education and is based upon the district's share of estimated future collections of motor vehicle license taxes and the amount of outstanding bonds previously issued on behalf of the district.

If a district chooses not to have the State issue bonds on its behalf, then it will receive its share of motor vehicle license (MVL) tax collections on an annual basis. If a district does elect to have bonds issued, then the State will withhold each year from MVL tax collections an amount required to make debt service payments on the issued bonds. The excess of a district's share of MVL tax collections over the required debt service payment, referred to as Capital Outlay and Debt Service (CO & DS) revenue, is distributed to the district each year. No local funds or tax increases are involved.

The School Board of Miami-Dade County, Florida has been notified that it has an additional bonding capacity of \$640,000 as calculated by the Florida Department of Education. Bonding these funds permits the acceleration of projects identified in the resolution. The District intends to fund capital needs for North Dade Middle from these SBE/COBI funds. The list of approved projects in the resolution contains more projects than can be funded from the bond proceeds in order to maximize the District's flexibility.

The attached resolution, requesting that the State Board of Education issue bonds on behalf of the District, is submitted for approval.

RECOMMENDED: That The School Board of Miami-Dade County, Florida, approve Resolution No. 10-024, requesting the State Board of Education of Florida to issue capital outlay bonds on behalf of The School Board of Miami-Dade County, Florida, for the purpose of financing the cost of capital outlay projects described in section 1(b) therein.

(c) The capital outlay projects described above shall have priority for financing in the order state above, the same being the order of priority of needs of said capital outlay projects as shown in said survey heretofore referred to, and there being no other capital outlay projects for said District, as shown on said survey, having a higher order of priority of needs.

(d) It is anticipated that all of the proceeds of the Capital Outlay Bonds issued on behalf of the District by the State Board of Education pursuant to Section 2 hereof will be spend by the District within three years from the issuance date of such bonds to pay the costs of the capital outlay projects described above or such other projects as herein authorized.

SECTION 2. This Board does hereby request the State Board of Education to issue Capital Outlay Bonds for and on behalf of the Board pursuant to the School Capital Outlay Amendment, for the purpose of financing the cost of the capital outlay projects described in Section 1(b) hereof. The Capital Outlay Bonds shall have such date or dates of issue and date or dates of maturity; shall have such provisions for redemption prior to maturity, with or without premium; such place or places of payments; and such other details as the State Board of Education shall in its discretion determine, and the Capital Outlay Bonds shall be sold by the State Board of Education in the manner provided by said School Capital Outlay Amendment and the proceeds thereof shall be applied to the financing of the capital outlay projects described in Section 1(b) hereof in the manner required by and as provided in the rules and regulations of the State Board of Education now existing or hereafter adopted.

SECTION 3. This Board does hereby agree and consent that it will fully comply with and abide by all rules, regulations, and orders of said State Board of Education now in existence or hereafter at any time made relative to the financing of the capital outlay projects; the application of the proceeds of the Capital Outlay Bonds; and the acquiring, building, constructing, altering, remodeling, improving, enlarging, furnishing, equipping, maintaining, renovating, or repairing of said capital outlay projects; and all other matters relating thereto.

SECTION 4. In the event any balance of the proceeds of the Capital Outlay Bonds shall remain after the completion of the capital outlay projects described in Section 1(b), and after the payment, or reservation of sufficient funds for the payment, of all costs thereof, then such unexpended balance of such proceeds shall, in the discretion of the State Board of Education, be deposited in the Reserve Account in the Sinking Fund for the payment of principal and interest on said Capital Outlay Bonds, or for the cost of other capital outlay projects described in said survey and for no other purpose.

SECTION 5. In the event that the priority of needs of capital outlay projects of the District as shown on said survey shall be hereafter changed upon the request of this Board and with approval as required by the State Board of Education, then the proceeds of such Capital Outlay Bonds may be used for the capital outlay projects having the highest priority of needs instead of the capital outlay projects described in Section 1(b) hereof, in the manner provided in the School Capital Outlay Amendment and under such rules and regulations now existing or hereafter made by the State Board of Education.

SECTION 6. In the event the interest rates prevailing in the market place at the time the Capital Outlay Bonds are authorized for sale by the State Board of Education would not permit compliance with the parity test set forth in this application bond resolution and the coverage requirements set forth in Article XII, Section 9, Subsection (d) of the Constitution of the State of Florida, the Board hereby requests and authorizes the State Board of Education to issue a lesser principal amount of Capital Outlay Bonds on behalf of the Board, which would comply with such test and requirement at the prevailing interest rates anticipated by the Board of Education at the time the Bonds are authorized for sale by the State Board of Education, notwithstanding the authority to issue Bonds in the principal amount set forth hereinabove.

SECTION 7. The Secretary of this Board is hereby directed to forthwith file a certified copy of this Resolution with said State Board of Education and the proper officials of his Board are hereby authorized and directed to furnish any and all data, information, records, or other documents or papers as shall be required or requested by the State Board of Education in connection with this Resolution and the financing of the capital outlay projects described in this Resolution.

SECTION 8. This Resolution shall become effective immediately upon its adoption.
