

Freddie Woodson, Deputy Superintendent
District/School Operations

SUBJECT: REQUEST SCHOOL BOARD APPROVAL OF SIX CHARTER SCHOOL CONTRACTUAL AGREEMENTS AND TWO AMENDMENTS TO THE CHARTER SCHOOL CONTRACTUAL AGREEMENTS

COMMITTEE: INSTRUCTIONAL EXCELLENCE AND COMMUNITY ENGAGEMENT

LINK TO STRATEGIC FRAMEWORK: STUDENT, PARENT, AND COMMUNITY ENGAGEMENT

Section 1002.33(7), Florida Statutes, Charter Schools, stipulates that the major issues involved in the operation of charter schools be considered in advance and written into a charter school contractual agreement, between the charter school and the sponsor, following a public hearing to ensure community input. Additionally, a charter school contractual agreement may be modified during its initial term or any renewal term upon the recommendation of the sponsor and the approval of both parties to the agreement.

Section 1002.331(3), Florida Statutes, High-performing Charter Schools, authorizes a high-performing school, designated by the Commissioner of Education, to (a) increase its student enrollment once per school year by up to 15 percent more than the capacity identified in the charter; (b) expand grade levels within kindergarten through grade 12 to add grade levels not already served; (c) submit a quarterly, rather than a monthly, financial statement to the sponsor pursuant to s. 1002.33(9)(g); (d) consolidate under a single charter the charters of multiple high-performing charter schools operated in the same school district by the charter schools' governing board regardless of the renewal cycle; and (e) receive a modification of its charter to a term of 15 years or a 15-year charter renewal.

The M-DCPS' Charter School Contract Review Committee (CRC) met to negotiate the charter school contractual agreements delineated below and made the following recommendations to the Superintendent of Schools.

TOTAL REVENUE (\$):							\$10,350,509
TOTAL TEACHER POSITIONS:							86

Initial Year Loss: The revenue and teaching positions, indicated as "Initial Year Loss", provide an estimate of the potential impact to the District's General Fund (\$10,350,509) and instructional staffing (86 positions). The loss of revenue describes 95% of FEFP funds per student, based on 75% of the initial year's enrollment projection, which will not be realized by the District for the current fiscal year. The loss in teaching positions, based on average class size requirements, reflects the possible reduction in basic teaching positions resulting from the anticipated decrease in students.

Copies of the charter school contractual agreements and the amendments will be transmitted to the School Board Members under separate cover and will be available for inspection by the public in the Office of Board Recording Secretary, Room 924, and in the Citizen Information Center, Room 158, 1450 N.E. Second Avenue, Miami, Florida 33132.

RECOMMENDED: That The School Board of Miami-Dade County, Florida, approve:
