STRATEGIC FRAMEWORK: FINANCIAL EFFICIENCY / STABILITY**

Introduction

Job Order Contracting (JOC) is a construction delivery method that has been used successfully by the District for a number of years, primarily for small maintenance-related projects and activities. The recommendation for award of the above subject contract is based on a competitive solicitation for JOC services. Prices for individual projects are determined by applying the bid multiplier to tasks defined in a unit price book.

Additional Information

In order to ensure that the District continues to award JOC contracts at the most competitive prices possible, advertised bids for JOC contractors were received and opened on May 28, 2013 by The School Board of Miami-Dade County, Florida. The bid tabulation results are shown in Attachment A.

Fifteen contractors attended the mandatory pre-bid meetings on May 14, 2013.

Award Recommendation

Based on the tabulated bid results, staff is recommending award to the low bidder, Epic Construction, Inc.

The term of the contract will be for twelve (12) months and includes two (2) renewal options for one (1) year each. The minimum value of the contract is \$50,000 and the maximum initial value is \$2,000,000.

F - 50

If the maximum value is reached prior to expiration of the contract term/renewal(s), at the direction of the Superintendent or his/her designee, the maximum value may be extended twice for up to \$2,000,000 each time within the contract period, provided the contractor produces a new Public Construction Performance and Guarantee Bond and a Public Construction Payment Bond for the extended contract amount.

The recommended JOC contractor submitted multipliers that are very favorable to the District and are substantially lower than the estimates provided by the District's JOC consultant, The Gordian Group. These estimates were of 1.1500 and 1.2000, for items # 1 and # 2, respectively, as well as the weighted factor, which was computed by The Gordian Group at 1.1550.

Item 1 – Normal Working Hours Construction

Item 2 – Other Than Normal Working Hours Construction (Overtime)

For the purposes of bid analysis only, a Weighted Factor was calculated based on $.90 \times$ Item #1 + $.10 \times$ Item #2.

Funding for this contract will be provided by individual projects fund sources.

RECOMMENDED: That The School Board of Miami-Dade County, Florida award Contract/Project No. JOC13-C1, Job Order Contract/13-Central1 for Facilities Operations, Maintenance, on the basis of the weighted factor of 0.7963 to the low bidder:
