

Dr. Marta Pérez, Board Member

SUBJECT: PORTAL FOR RETIREES

COMMITTEE: ACADEMICS, EVALUATION, AND TECHNOLOGY

LINK TO STRATEGIC FRAMEWORK: STUDENT, PARENT, AND COMMUNITY ENGAGEMENT

Miami-Dade County Public Schools takes pride in the accessibility it provides all stakeholders to vital information concerning the school district: employees, parents, students, and community members all enjoy the information portals that are tailored to meet their needs.

However, our retired employees must frequently resort to other inefficient means, such as telephone and even personal visits, in order to avail themselves of information that is uniquely concerning to them, such as past employment history and insurance benefit options. Our thousands of retired educators also need access to information on certification and Master Plan points; all would benefit from access to resources including Social Security Administration and Florida Retirement System (FRS), and organizations for retired employees, such as the Miami-Dade County Retired Administrators Association, to name just a few.

A portal for retired employees would allow for more efficient use of staff time while serving the needs of thousands of our valued former employees.

**ACTION PROPOSED BY
DR. MARTA PÉREZ:**

That The School Board of Miami-Dade County, Florida, direct the Superintendent to review the feasibility of establishing a portal for retired employees.
