SUBJECT: EXPAND CHOICE OPPORTUNITIES FOR STUDENTS THROUGH A CONTINUOUS ENROLLMENT OPTION

COMMITTEE: ACADEMICS, EVALUATION AND TECHNOLOGY

LINK TO STRATEGIC FRAMEWORK: STUDENT, PARENT, AND COMMUNITY ENGAGEMENT

For over 50 years, Miami-Dade County Public Schools' (M-DCPS) Programs reflect our District's commitment to higher standards in education. M-DCPS has been at the forefront of the educational choice movement providing extraordinary options for our students.

As Miami-Dade County is a transient community with a steady influx of new families and students calling Miami-Dade County their home, from different countries, states and other Florida counties, exploring ways to further expand school choice opportunities year-round for students through a Continuous Choice Enrollment Option would be beneficial.

Many families in our community seek to obtain enrollment into a school choice option past our District's traditional school choice application deadline with hopes of providing their children with other choice opportunities. Exploring the feasibility of expanding choice opportunities for students through a Continuous Choice Enrollment Option will help to ensure we maintain our public schools competitive.

This item seeks to direct the Superintendent to explore the feasibility to expand school choice opportunities for students through a Continuous Choice Enrollment Option for select choice schools.
