**COMMITTEE: ACADEMICS, EVALUATION & TECHNOLOGY**

**LINK TO STRATEGIC BLUEPRINT: SAFE, HEALTHY AND SUPPORTIVE LEARNING ENVIRONMENT**

Authorization is requested for the Superintendent of Schools to enter into contractual agreements with five community agencies to provide extensive therapeutic and medical services to a unique population of children with disabilities which includes cocaine-exposed, Down Syndrome, cerebral palsy, spina bifida, intellectual disabilities, autism spectrum disorder, and visual and hearing impairments. Through a collaboration with the Department of Health-Children's Medical Services (CMS) Early Steps and the B-2 agencies, the program is designed to meet the diverse needs of this population by providing center-based services, home-based services, or a combination of the two.

Each agency will be responsible for the day-to-day operation of the programs, facilities, staff assistance with the identification and placement of children, staff development training, and administrative support. In support of these services, Miami-Dade County Public Schools (M-DCPS) will provide assistance with the identification and placement of eligible children and monitoring to ensure compliance with applicable laws and rules. The agreement with each agency will be developed in partnership with M-DCPS and the CMS Early Steps.

During the 2015-2016 school year, facility reviews, site visits, and monitoring of children's records and program delivery models by District staff found the programs to be effective in providing early intervention services and to be in compliance with the Individual with Disabilities Education Act (IDEA) requirements.

**C-2**

An exception to School Board Policy 6320 regarding bids or Request for Proposals should be granted as these five community agencies are providing educational and health related services to support students with significant disabilities.

Funding for each agency is based on program delivery models as outlined below:

<b>Agency</b>	<b># of Students</b>	<b>Funding Amount</b>

Funding for these services will come from 80% of the Full-Time Equivalent (FTE) generated from the Florida Education Finance Program based on the level of services needed for each child listed in the Individualized Family Support Plan. The remaining 20% of the FTE will cover ancillary services/costs.

In addition to the funding from M-DCPS, the CMS Early Steps will contribute IDEA Part C funding via rate agreements with each agency, based upon the needs of children served. Part C funding may be used for a range of services including, but not limited to, targeted case management, nursing, therapy, home visits, social work services, family training, assistive technology, and staff assistance with the identification and placement of eligible children. There is no exchange of funds with the CMS Early Steps.
