BLUEPRINT: RELEVANT, RIGOROUS AND INNOVATIVE ACADEMICS

The Florida Department of Education (FL-DOE) has awarded supplemental Adult Education and Family Literacy funding in the amount of \$2,814,113 to Miami-Dade County Public Schools (M-DCPS), to fund Adult Education and Family Literacy Programs from July 1, 2016, through June 30, 2017. Authorization to receive this award will be provided under a separate Board item at the School Board meeting of October 5, 2016, Agenda Item E201, which supplies information on this award and various other grant awards.

The grant supports projects that demonstrate effective practices and increased academic achievement as a result of research-based practices in adult education, workforce readiness, and family literacy. The services by collaborative partners and the purchased services listed below were included as part of the continuation grant proposal.

Under this Adult Education and Family Literacy Act initiative, the FL-DOE encourages the District to form collaborative partnerships with Community-Based Organizations (CBOs) that operate educational programs and offer appropriate services serving similar populations. School Operations will oversee implementation of performance-based supplemental services grants that meet the special needs of learners in these programs. The District requires CBOs that wish to participate to submit a Request for Information (RFI), Community-Based Organization Grant Partnership through the Office of Procurement Management.

D-67

The M-DCPS RFI process is based on criteria established by the FL-DOE pursuant to the State Request for Proposal for participation in grant activities, including the requirement to meet or exceed prior year performance deliverables. Each CBO grant award targets a special needs population such as non-native English speakers, migrants, adult learners, and parents of school-aged children. The CBOs identified below were selected pursuant to the RFI of March 12, 2014. CBO partners will enter into separate contractual agreements with M-DCPS and payment will be rendered in several parts. CBOs will receive fifty percent of the contracted amount during the first part of the contract, with the remainder to be dispersed upon completion of the performance core measures and contractual obligations.

Purchased services include professional development and strategic planning services provided in collaboration with Blackboard Connect, Inc.

In accordance with the terms of the grant applications, authorization is requested to enter into the following separate contractual agreements for the total amount of \$266,000:
