Throughout her well-known career, Dr. Greenberg has served as a member of the President's Council on Fitness, Sports, and Nutrition for the last five years, chaired the Sports Development Committee for the United States Olympic Committee, and assisted a national initiative, "I Can Do it, You Can Do It", that addresses physical activity levels of youths with disabilities under the United States Department of Health and Human Services. On the international stage, Dr. Greenberg has served as a consultant, developing the Sport Science Curriculum at the University of Malaya in Kuala Lumpur, Malaysia, and the Math and Science Sailing Curriculum for the National Maritime Museum and Royal Observatory in London.
