

Dr. Dorothy Bendross-Mindingall, Board Member

SUBJECT: GOB PROGRESS AND ACCOUNTABILITY

COMMITTEE: FISCAL ACCOUNTABILITY

**LINK TO STRATEGIC
BLUEPRINT: INFORMED, ENGAGED, AND EMPOWERED STAKEHOLDERS**

Since approval by Miami-Dade County voters of the \$1.2 billion General Obligation Bond (GOB), substantial progress has been made in construction and renovation projects at schools throughout the District. To date, over \$455 million has already been paid and another \$86 million is currently under contract.

Subsequent to approval of the Bond, the School Board adopted policies to promote small and minority business participation, inclusiveness and diversity in the GOB Program; in order to monitor compliance with these policies, the District established the Office of Economic Opportunity (OEO). Now, it is imperative that the community be informed regarding contracts and payments received by small and minority owned firms performing GOB work. Additionally, verification of local workforce participation is crucial to ensure that commitments made are being upheld by GOB contractors and subcontractors.

Consequently, in order to promote greater transparency and accountability, OEO should prepare a comprehensive report detailing small and minority business participation well as local workforce compliance on GOB projects.

} Revised

Since more than \$650 million in GOB funding has yet to be contracted, it is imperative that the report be provided as soon as possible so that interested local firms can pursue business opportunities with the District.

ACTION PROPOSED BY

DR. DOROTHY BENDROSS-MINDINGALL: That The School Board of Miami-Dade County Florida, request the Superintendent to provide a comprehensive report by July 12, 2017, on General Obligation Bond projects, detailing small and minority business participation and local workforce hiring.
