APPLICATIONS

Section 1002.33, F.S., authorizes the establishment of charter schools by individuals and/or organizations. As provided in Section 1002.33(6), F.S., and School Board Policy 9800, *Charter Schools*, Miami-Dade County Public Schools (M-DCPS) receives and reviews charter school applications for approval or denial by the School Board. Section 1002.33(6)(B)(3), F.S., requires School Boards to approve or deny the applications no later than 90 days after receipt, unless the applicant waives the deadline and an extension of time is then granted. This item recommends approval of four charter school applications received during the 2017 cycle. If these applications are approved, these charter schools could open for the 2018-2019 school year. (Note: Legislation passed in 2016 affords charter schools the opportunity to defer the opening of the school's operations for up to 2 years to provide time for adequate facility planning.) } REVISÉD

During the 2017 application cycle a total of sixteen (16) applications were received and to date, two applications have been approved by the School Board, two applications have been withdrawn, and twelve (12) are pending School Board action, of which four are being presented in this item. } REVISÉD

APPLICATION EVALUATION

Pursuant to School Board Policy 9800, *Charter Schools*, the District reviews all applications using an evaluation instrument developed by the Florida Department of Education (FLDOE) and may include additional information or documents requested by the District. The Standard Model Application includes standards of evaluation, certification and assurance declarations and an Applicant History Addendum. The Sponsor shall deny any application that does not comply with the State's statutory requirements and rules and/or Sponsor's instructions for charter school applications.

The Superintendent has appointed the Application Review Committee (ARC) with the responsibility to review and evaluate charter school applications after an initial technical review is conducted by staff. The ARC is comprised of representatives from various District departments and is charged with identifying strengths and deficiencies in the written application and/or areas that require clarification to fully evaluate the quality of the application or the capacity of the applicant to properly implement the proposed plan.

Pursuant to School Board Policy 9800, *Charter Schools*, four charter school applications are being presented for final consideration by the School Board. An overview of the four charter } REVISÉD
