Since its inception in 2010, Chevron's Fuel Your School Program has supported and encouraged STEM learning, helping to inspire and prepare students for careers in advanced technical jobs. Now in its fifth year partnering with Miami-Dade County Public Schools, Fuel Your School has provided \$2.5 million in funding for over 2,500 projects in 354 schools.

This year, in response to the devastation caused by Hurricanes Irma and Maria, Chevron partnered with local Chevron and Texaco marketers to donate \$500,000 to Miami-Dade County Public School projects. With the help of this donation, teachers and administrators were able to implement advanced curriculums and fund projects benefitting over 70,000 students district-wide.

Chevron's Fuel Your School program also joined Mr. Max Alvarez, the Founder and President of Sunshine Gasoline Distributors, Inc. and a long-time supporter of the Fuel Your School program, at Ronald W. Reagan/Doral Senior High School to give back to a school in need and that had been directly and indirectly impacted by the hurricane season. As part of their effort, Chevron's Fuel Your School and Mr. Alvarez also gave support to the Andrea Castillo Teaching Academy for its work preparing high school students for careers in education.
