Terms & Conditions

1. Basic Services Fees:

For projects with Construction Budgets of more than \$50,000, the fees for Basic Services are based on a percentage of the Construction Budget, as approved by staff, prior to the issuance of a work order. Individual work orders will be issued for the required Category of professional services, with the corresponding fee percentage converted to a Lump Sum. The Categories of professional services are as follows:

- Category (A) – Design Phases I, II, and III, and Construction Administration (CA)
- Category (B) – Design Phases II/III combined, and CA
- Category (C) – Design Phase I, Design Phases II/III combined, and CA

Typically, projects with Construction Budgets less than \$50,000 (or study activities with fees which do not exceed \$200,000), are negotiated individually, based on the number and type of technical personnel and level of effort required, using appropriate hourly rates and a standard, or a provisional, multiplier.

Basic Services fees include all required services and consultants, unless otherwise noted in a specific work order. Basic Services fees shall be paid based on M-DCPS-accepted deliverables at each Phase of a project, as indicated on the payment schedules for each Category (A), (B) or (C) in Article VI of the Agreement.

2. Other Fees and Rates:

At the option of the Board, the A/EPC will conduct required on-site observations, i.e. site visits, and/or additional project meetings, during construction, at pre-negotiated

rates. Principals of the prime and sub-consultant firms have pre-negotiated all-inclusive hourly rates (with no multipliers).
