NEW AND AMENDED CHARTER SCHOOL CONTRACTS

Section 1002.33(7), F.S., states that the major issues involved in the operation of charter schools be considered in advance and written into a charter school contract between the charter school and the School Board following a public meeting. Pursuant to School Board Policy 9800, **Charter Schools**, three new charter school contracts and one amended charter school contract are presented for consideration in this item. Additional details for the three new charter school contracts can be found in Attachment "A", and additional details for the two amended charter school contracts can be found in Attachment "B". All attachments are provided under separate cover but are included and incorporated by reference in this Board item. Those recommendations are as follows:

DISTRICT IMPACT

Any significant increase in charter school student enrollment (Charter FTE) directly impacts the District’s operating budget as well as instructional and non-instructional staffing levels. The three new contracts being presented represent a potential increase in overall charter school enrollment and an anticipated initial loss to the District for the 2019-2020 SY.

To ensure that the District’s financial position remains positive, Board authorization is requested to allow a Reduction-in-Force/Layoff only if it becomes necessary. Any such Reduction-in-Force/Layoff affecting instructional and non-instructional staff would be implemented in accordance with School Board policies and applicable collective bargaining agreements. The number of position reductions will not exceed the stated Initial Loss included in this item and will be re-evaluated and adjusted in subsequent years to reflect changes in FTE. Additional information on the impact is provided in Attachment “A”.

District Impact	Initial Loss		Initial Loss - Human Capital			
	Total FEFP Revenue (\$)	Projected Charter FTE (#)	Instructional Positions		Non-Instructional Positions	Total Positions
			Core ¹	Non-Core ²

DUE PROCESS

To ensure proper notice and due process, the non-profit entities were noticed of the Superintendent’s recommendation to the School Board and were provided a copy of the contract prior to the School Board Meeting. They were also informed of the School Board’s Personnel, Student, School and Community Support Committee Meeting and procedures for requesting to appear before the School Board at meetings and public hearings.

Copies of the contracts have been transmitted to the School Board Members under separate cover and will be available for inspection by the public in the Office of Board Recording Secretary, Room 924, and in the Citizen Information Center, Room 158, 1450 N.E. Second Avenue, Miami, Florida 33132.

Board approval of this item does not reflect or constitute a finding of need, justification, or endorsement for any charter school as proposed in the item but only that it meets the statutory requirements for Board approval of a charter school application or contract under Section 1002.33, F.S., and School Board Policy, 9800, **Charter Schools**.
