Evan Piper resides in North Miami Beach, Florida. He is the President of the North Miami Beach Chamber of Commerce and a former NMB Commissioner. He holds a degree in Business Administration, Construction, and Mechanics. His Conglomerate, The Piper Companies incorporate the fields of Construction, Automotive/Marine, Real Estate, Medical, and Professional Speaking/Training. In addition, Evan volunteers in several South Florida charities and business groups.

Evan started his first business at age 11, a window-washing company. He then leveraged his extraordinary mechanical abilities by starting automotive and marine repair companies. When he realized the similarities between yacht repair and building construction, he added an additional company—general contracting and facility maintenance.

Evan, a thriving survivor of a 2001 Airplane Crash is currently in a wheel-chair. He has learned many life and business lessons through his experiences and continues to share meaningful, practical, and motivational advice through his speaking engagements and training programs. He has recently completed a book, The Money Mindset Book which explains how to position yourself to achieve wealth and success. And after his 2001 airplane accident, Evan created additional opportunities in the medical mobility field. Today, The Piper Companies serve local, national, and international clients.

When Evan is not speaking, training, or running his companies, he enjoys tennis, flying, boating, personal watercraft, water skiing, hand-cycling, and spending as much time as possible with his two sons.
