**SUBJECT:        FINAL READING: PROPOSED AMENDMENTS TO SCHOOL BOARD  
POLICY 2370, MAGNET PROGRAMS/SCHOOLS**

**COMMITTEE:    ACADEMICS, INNOVATION, EVALUATION & TECHNOLOGY**

**LINK TO STRATEGIC**

**BLUEPRINT:    SAFE, HEALTHY & SUPPORTIVE LEARNING ENVIRONMENT**

On October 2, 2019, at its regular meeting, the Board approved Agenda Item H-9 (School Board Policy 2370), sponsored by Ms. Perla Tabares Hantman, Board Chair, and co-sponsored by Dr. Martin Karp, Vice-Chair, and Board Members Dr. Dorothy Bendross-Mindingall, Dr. Lawrence S. Feldman, Dr. Steve Gallon III, Dr. Lubby Navarro, Dr. Marta R. Perez, and Ms. Mari Tere Rojas. The Item directed the Superintendent to amend relevant policies to ensure that current practices in the magnet application process are clearly delineated, and are applied uniformly throughout the District with regard to multiple birth sibling operational practices and procedures for application and selection of students to magnet programs/schools. This item requests Board approval to authorize the Superintendent to amend Policy 2370, *Magnet Programs/Schools*, to allow parents and legal guardians the choice of linking or not linking multiple birth siblings in the magnet random selection process.

The Notice of Intended Action was published in the *Miami Daily Business Review* on November 25, 2019, and posted in various places for public information and mailed to various organizations representing persons affected by the amended Policies and to individuals requesting notification. The time to request a hearing or protest the adoption of this amendment has elapsed.

Attached is the Notice of Intended Action and the proposed policy amendments. Changes from the current policy are indicated by underscoring words to be added and ~~striking through~~ words to be deleted.

**RECOMMENDED:**       That The School Board of Miami-Dade County, Florida, authorize the Superintendent to adopt the proposed amendments to School Board Policy 2370, Magnet Programs/Schools, and authorize the Superintendent to file the amended policy with The School Board of Miami-Dade County, Florida to be effective January 15, 2020.

## **NOTICE OF INTENDED ACTION**

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA, announced on November 20, 2019, its intention to amend School Board Policy 2370, *Magnet Programs / Schools*, at its meeting on January 15, 2020.

**PURPOSE AND EFFECT:** To amend Board Policy 2370, *Magnet Programs / Schools*, to ensure that multiple birth siblings are afforded the same standing as any other student during selection, placement, and enrollment in the District's magnet programs and schools

**SUMMARY:** The proposed revisions are to amend relevant policies to ensure that current practices in the magnet application process are clearly delineated and are applied uniformly throughout the District with regard to multiple birth sibling practices and procedures. The proposed revision to the application guidelines in Policy 2370 pertaining to multiple birth siblings, will allow parents and legal guardians the choice of linking or not linking multiple birth siblings in the magnet random selection process.

**SPECIFIC LEGAL AUTHORITY UNDER WHICH RULEMAKING IS AUTHORIZED:** 1001.41(1), (2), (3), (6); 1001.42(4),(a); 1002.31, F.S.

**LAWS IMPLEMENTED INTERPRETED, OR MADE SPECIFIC:** 1001.41(6); 1001.42(4),(a), F.S.

IF REQUESTED, A HEARING WILL BE HELD DURING THE BOARD MEETING of January 15, 2020, which begins at 1:00 p.m., in the School Board Auditorium, 1450 N.E. Second Avenue, Miami, Florida 33132. Persons requesting such a hearing or who wish to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative as provided by Section 120.541(1), F.S., must do so in writing by December 17, 2019, to the Superintendent of Schools, Room 912, at the same address.

ANY PERSON WHO DECIDES TO APPEAL THE DECISION made by The School Board of Miami-Dade County, Florida, with respect to this action will need to ensure the preparation of a verbatim record of the proceedings, including the testimony and evidence upon which the appeal is based (Section 286.0105, Florida Statutes).

A COPY OF THE PROPOSED AMENDED POLICY is available at cost to the public for inspection and copying in the Citizen Information Center, Room 102, 1450 N.E. Second Avenue, Miami, Florida 33132.

## MAGNET PROGRAMS/SCHOOLS

2 Magnet programs/schools broaden public school choice, stem declining enrollment,  
3 mitigate overcrowding, help comply with Federal and State-mandated public school  
4 choice provisions, accommodate parent/student interest, improve the quality of  
5 education, and promote diverse student enrollments. Magnet programs/schools are  
6 unique educational programs operating within the District, for which additional  
7 resources and/or ancillary services may be provided in order to help make such  
8 educational experiences available to students beyond a single attendance boundary  
9 area.

10 Magnet programs/schools encourage academic excellence in basic areas of study as  
11 well as intensive educational experiences in areas in which students demonstrate  
12 unusual talent, interest, and/or aspiration. In addition, magnet programs/schools  
13 offer students a chance to acquire or develop the skills, knowledge, and understanding  
14 necessary to pursue post-secondary aspirations in highly specialized areas of interest.  
15 Another goal of magnet programs/schools is to recruit students whose unique  
16 language needs or abilities, socio-economic circumstances, race, ethnicity, gender,  
17 and exceptional education needs are underrepresented in the magnet  
18 program/school.

19 Magnet programs/schools are classified under a broad definition of school choice in  
20 which an application/random selection or audition process is used to select and admit  
21 students. Application to magnet programs/schools is voluntary and no other transfer  
22 provisions, other than the admission processes in this policy, may be used to access  
23 magnet programs/schools.

24 The overarching purpose of magnet programs/schools is to provide an optional  
25 educational environment for students that is/are pedagogically and/or geographically  
26 distinct from what is offered in their assigned home school. In addition to unique  
27 curricular offerings, magnet programs/schools may also be conceptually-based,  
28 under such models as commuter schools, professional development/laboratory  
29 schools, single gender schools, etc. Prior to October 1st of each year, the  
30 Superintendent will transmit to the School Board the list of all magnet  
31 programs/schools that are operational in the District and to which this policy applies.

PROGRAM  
2370/page 2 of 15

## 1 Types of Magnet Programs/Schools

2 A. Magnet Program (School-within-a-School): A magnet program affords  
3 a unique instructional program or setting to a specified number of  
4 students from more than one attendance area in a school which also  
5 provides a regular program to students from a specific attendance  
6 boundary. Students from both the magnet and the regular program  
7 are provided opportunities to interact with each other to the extent  
8 possible.

9 B. ~~Magnet School (Schoolwide): A magnet school offers unique~~  
10 ~~instructional programs or settings to all students attending the school~~  
11 ~~and is categorized as follows:~~

12 1. Magnet School with an Attendance Boundary (Schoolwide): A magnet  
13 school with an attendance boundary is a school which serves all  
14 students from its designated attendance boundary as well as a  
15 specified number of students from schools throughout the District.

16 C2. Magnet School without an Attendance Boundary (Districtwide): A  
17 magnet school without an attendance boundary is a school which  
18 serves eligible students throughout the District, and which has no  
19 designated attendance boundary of its own.

1 **Guidelines and Procedures**

2 The Superintendent shall establish administrative procedures and guidelines to  
3 address the following issues related to the planning, implementation, and evaluation  
4 of magnet programs/schools.

5 A. Planning

6 1. To determine the need for a magnet program/school, special  
7 consideration shall be given to the following:

8 a. public interest in particular magnet themes;

9 b. the need to stem declining enrollment or mitigate  
10 overcrowding;

11 c. improving the quality of education through proven  
12 curricular and instructional approaches;

13 d. expanding public school choice options for  
14 parents/guardians, including commuter and workplace  
15 magnet schools;

16 e. ensuring equitable access for all students;

17 f. budgetary constraints;

18 g. availability of support, fiscal or otherwise, from outside  
19 sources (e.g. municipalities, grants, etc.); and/or

20 h. enhancing diverse student enrollments.

PROGRAM  
2370/page 8 of 15

- 1                   9.     Students who are eligible to be enrolled in a District school, or  
2                   will be enrolled in a grade level served by a magnet  
3                   program/school, may apply for admission. Various admission  
4                   criteria have been established for entrance into each magnet  
5                   program/school appropriate to the specific theme or focus.
- 6                   Eligibility may be determined by, but are not limited to, such  
7                   factors as skill, talent, academic performance, conduct, written  
8                   essay, and interest. However, no single factor may be used to  
9                   exclude a student from access to a program. At no time may a  
10                  single standardized test score, be the sole determination of  
11                  eligibility.
- 12                 Eligibility criteria must be related to the educational needs of  
13                 the magnet program/school and must not create unnecessary  
14                 barriers to equitable access. The School Choice and Parental  
15                 Options office/department will facilitate, along with School  
16                 Operations, Academics, and Assessment (or comparable  
17                 District offices/departments) a review and approve eligibility  
18                 criteria annually. Entrance level criteria which differs from the  
19                 approved factors must be authorized by the Superintendent.
- 20                 Principals must annually review and submit any requested  
21                 revisions to the entrance level criteria for magnet  
22                 programs/schools to School Choice and Parental Options (or  
23                 comparable District office/department) and upon approval  
24                 make such criteria readily available to parents/guardians for  
25                 review when applying. Applications to magnet  
26                 programs/schools will become void upon the conclusion of the  
27                 calendar year after the beginning of the school year for which  
28                 they were submitted.

- 1                   14.    Upon submission of a completed application, including all  
2                   required support documentation, by the designated deadline  
3                   and fulfillment of all applicable eligibility requirements,  
4                   students will be admitted to non-talent magnet  
5                   programs/schools on a random selection basis according to  
6                   the following process listed below:
  - 7                   a.     Magnet Program (School-within-a-School):
    - 8                   1)     Up to fifty percent (50%), but not less than  
9                   twenty-five percent (25%), of the available seats  
10                   at entry level of the magnet program shall be  
11                   randomly selected from eligible applicants  
12                   residing in the school's attendance boundary  
13                   areas with admission priority given to eligible  
14                   applicants with siblings already attending the  
15                   magnet program whose enrollment will be  
16                   concurrent with that of the currently attending  
17                   sibling(s) for at least the initial year of their  
18                   admission. Sibling applications must meet all  
19                   eligibility requirements and admittance will be  
20                   dependent upon space availability.
    - 21                   2)     The remaining seats will be randomly filled with  
22                   eligible students outside of the school's  
23                   attendance boundary with admission priority  
24                   given to eligible applicants with siblings already  
25                   attending the magnet program whose enrollment  
26                   will be concurrent with that of the currently  
27                   attending sibling(s) for at least the initial year of  
28                   their admission.

Seats which become available beyond the entry level will be given priority to eligible applicants with siblings already attending the magnet program whose enrollment will be concurrent with that of the currently attending sibling(s) for at least the initial year of their admission. Sibling applicants must meet all eligibility requirements and admittance will be dependent upon space availability. A priority may be allocated for successful matriculation from a magnet program/school with a similar theme.
  - 4) In an effort to reduce minority-group isolation (MGI) within the District, an additional priority is authorized to be provided in the random selection process for magnet school applicants residing within pre-identified zip codes for targeted magnet programs. Pre-identified zip codes will vary by school and will be selected by comparing a zip code's poverty rate to the average county poverty rate as identified by the most recent data source, such as the American Community Survey (ACS) or its equivalent.
- b. Magnet School with an Attendance Boundary (Schoolwide):
    - 1) Students residing in the attendance boundary area of the magnet school will be assigned first, providing they meet eligibility criteria.
