

MEMORANDUM

March 8, 2021

TO: The Honorable Chair and Members of The School Board of Miami-Dade County, Florida

FROM: Alberto M. Carvalho, Superintendent of Schools *AMC*

SUBJECT: SUPPLEMENTAL INFORMATION FOR BOARD AGENDA ITEM D-66 FOR MARCH 17, 2021 SCHOOL BOARD MEETING, REQUEST FOR APPROVAL OF 2020-2022 SCHOOL HEALTH SERVICES PLAN

Attached for your information is the 2020-2022 School Health Services Plan. The plan is presented in accordance with Agenda Item D-66 for the March 17, 2021 School Board Meeting. The 2020-2022 School Health Service Plan was finalized in 2020, however, due to the COVID-19 pandemic, it was placed on hold in August by the Florida Department of Health (FDOH).

In November 2020, the District resumed the process and, as allowed by FDOH, a draft of the 2020-2022 School Health Services Plan was submitted to the agency without the signature page. If approved by the Board, the document will be routed for execution by the School Board Chair, the Superintendent of Schools, and the County Health Department Nursing Director.

If you have any questions, please contact Dr. John D. Pace, Chief Operating Officer, School Operations, at 305 995-2938.

SUMMARY – SCHOOL HEALTH SERVICES PLAN 2020-2022

Statutory Authority: Section 381.0056, Florida Statute (F.S.) requires each local county health department (CHD) to develop, jointly with the school district and school health advisory committee, a School Health Services Plan (referred herein as the “Plan”) that outlines the provisions and responsibilities to provide mandated health services in all public schools. Florida Administrative Code Rule 64F-6.002 (F.A.C.) requires the plan to be completed biennially.

The Plan format is arranged in 3 parts relating to the services provided and funding streams, as follows:

- Part I: Basic School Health Services - General school health services which are available to all students in Florida’s public and participating non-public schools in all 67 school districts.
- Part II: Comprehensive School Health Services – include increased services in section 381.0057, Florida Statutes, for student health management, interventions and classes. These services promote student health; reduce high-risk behaviors and their consequences (substance abuse, unintentional/ intentional injuries, and sexually transmitted diseases); provide pregnancy prevention classes and interventions; and provide support services to promote return to school after giving birth.
- Part III: Health Services for Full Service Schools (FSS) – Includes basic school health services and additional specialized services that integrate education, medical, social and/or human services such as nutrition services, basic medical services, aid to dependent children (temporary assistance for needy families (TANF)), parenting skills, counseling for abused children, counseling for children at high risk for delinquent behavior and their parent/guardian and adult education to meet the needs of the high-risk student population and their families. These services are required of schools as defined in section 402.3026, Florida Statutes.

The Plan contains 4 columns, as follows:

- Column 1 –Requirements and References. This column includes Florida Statutes, Florida Administrative Codes and references demonstrating best practices related to school health.
- Column 2 – Program Standards. This column provides specific requirements related to the statutes, administrative code and references listed in Column 1.
- Column 3 – Local Agency(s) Responsible. The local agencies (CHD, Educational Agency (LEA), and School Health Advisory Committee (SHAC)) determine the responsibilities for providing the services described columns 1 and 2.
- Column 4 – Local Implementation Strategy & Activities. This column describes the implementation strategies and activities to fulfill requirements in columns 1 and 2.

Plan Submission:

- If the plan signature page has not been signed by all parties on or before September 15, 2020, you may submit the plan at that time and submit the scanned signature page as a PDF file when it is fully signed.

PART I: BASIC SCHOOL HEALTH SERVICES

Requirements/References	Program Standards	Local Agency(s) Responsible	Local Implementation Strategy & Activities
<p>1. School Health Services Plan; Basic School Health Services; Comprehensive School Health Services and Full-Service Schools: School Health Services Act: s. 381.0056, F.S.; Chapter 64F-6.002, F.A.C.; Florida Nurse Practice Act: Chapter 464 Nursing Technical Assistance Guidelines - The Role of the Professional School Nurse in the Delegation of Care in Florida Schools (Rev. 2010); ss. 381.0057, F.S., 402.3026, F.S.</p>	<p>1a. Each local school health services plan shall be completed biennially and approved and signed by, at a minimum, the superintendent of schools, the school board chairperson, and the local CHD medical director/administrator.</p>	<p>DOH Miami- Dade County, Miami Dade County Public Schools (MDCPS), School Health Advisory Committee (S.H.A.C)</p>	<ul style="list-style-type: none"> • DOH- Miami- Dade in conjunction with MDCPS and S.H.A.C will schedule meetings to complete the school health plan • Route the plan with signature page to designated approvers to review/revise/recommend changes to the school health services plan before final approval • Maintain attendance rosters and agenda of all meetings.

	<p>shall be provided, at a minimum, to students in grades 1, 3 and 6 and optionally to students in grade 9. (4) Scoliosis screening shall be provided, at a minimum, to students in grade 6.</p>		<p>Record indicating an opt-out letter was returned and the screening was not conducted.</p> <ul style="list-style-type: none"> • Plan to screen students who were absent • Document screening results in each Student's Cumulative Health Record. • Send screening results data to DOH- Miami- Dade for data input in HMS • Report and document students unable to be screened due to illness and profound disability. • Do not screen students who are currently under the care of a medical provider and undergoing treatment and report data to DOH- Miami – Dade. • Conduct vision screenings on students in grades K, 1, 3, 6 and to new students entering Florida schools in K-5 • Conduct hearing screenings on students in grades K, 1, 6 and to new students entering Florida schools in K-5 • Conduct Growth & Development screening with Body Mass Index (BMI) in grades 1, 3 and 6. • Conducted Scoliosis screenings on students in grade 6. • Assess if screening conduction rates for vision,
--	---	--	--

			<p>hearing, BMI and scoliosis have been reached in mandated grade levels: 45% by December 31st and 95% by March 31st.</p> <ul style="list-style-type: none"> • Send screening results to DOH in Miami- Dade for Data input.
	<p>9b. Obtain parent/guardian consent in writing prior to any invasive screening, (e.g., comprehensive eye exam).</p>	<p>DOH Miami- Dade County, Miami- Dade County Public Schools, The Children’s Trust and Community Partners.</p>	<ul style="list-style-type: none"> • DOH-Miami-Dade, MDCPS, The Children’s Trust and Community Providers will send home consent forms with students explaining screenings to be performed and process on requesting an exemption for their child.
	<p>9c. Refer students with abnormal screening results to service providers for additional evaluation and/or treatment (e.g., state contracted vision service providers).</p>	<p>DOH Miami- Dade County, Miami- Dade County Public Schools, The Children’s Trust and Community Partners.</p>	<ul style="list-style-type: none"> • The vision resource list will be updated on MDCPS website and distributed to community partners.
<p>10. Meeting Emergency Health Needs ss. 381.0056(4)(a)(10), F.S., 1006.165, F.S.; Chapter 64F-6.004(1), F.A.C.; Emergency Guidelines for Schools, 2019 Florida Edition</p>	<p>10a. Ensure written health emergency policies and protocols are maintained and include minimum provisions. Ensure that student emergency information forms/cards are updated annually and completed for each student listing contact person, family physician, allergies, significant health history and permission for emergency care.</p>	<p>DOH Miami- Dade County, Miami- Dade County Public Schools, The Children’s Trust and Community Partners.</p>	<ul style="list-style-type: none"> • Providers will ensure a written copy of policies, procedure and/or protocols on health emergencies are kept on file at the district office and school sites. • MDCPS will ensure a process is in place to provide emergency management on-site and during school activities. • MDCPS will ensure student Data Cards/Emergency Contact cards are updated at least annually.

			<ul style="list-style-type: none"> • Providers will review Student Data cards/Emergency Contact cards • Providers will conduct quality checks to confirm all policies and protocols on health emergencies are available and up to date. • MDCPS and DOH-Miami-Dade will make available Emergency Guidelines and the School Health Facilitator manual for all principals in public school sites.
	<p>10b. Ensure health room staff and two additional staff in each school are currently certified in cardiopulmonary resuscitation (CPR) and first aid and a list is posted in key locations.</p>	<p>DOH Miami- Dade County, Miami- Dade County Public Schools, The Children’s Trust and Community Partners.</p>	<ul style="list-style-type: none"> • MDCPS will ensure at least 2-3 of their staff are current with CPR and First Aid certifications. • All health care providers will ensure their staff are trained in First Aid and CPR and have current certifications. • Health care providers and MDCPS will post the names of trained CPR and First Aid staff at the following locations within each school: the health room, school office, cafeteria, gymnasium, Family and Consumer Science classrooms and other areas that pose an increased potential for injuries. • Copy of First Aid & CPR certifications will be kept in the health room or office.
	<p>10c. Assist in the planning and training of staff responsible for emergency situations.</p>	<p>DOH Miami- Dade County, Miami- Dade County Public Schools, The Children’s Trust</p>	<ul style="list-style-type: none"> • School nurse on site in cooperation with the school principal/designee will assist in planning for the training of

		<p>and Community Partners.</p>	<p>those persons who provide daily care to students who become ill during school hours.</p> <ul style="list-style-type: none"> • MDCPS will arrange CPR/First Aid training sessions at school sites for staff to be currently trained and certified in First Aid and CPR. • DOH-Miami- Dade, Comprehensive health, The Children's Trust /health Connect medical providers will deliver child specific trainings to staff responsible for potential student emergencies.
	<p>10d. The school nurse shall monitor adequacy and expiration of first aid supplies, emergency equipment and facilities.</p>	<p>Miami- Dade County Public School (MDCPS)</p>	<ul style="list-style-type: none"> • School nurse on site will monitor the quantity and expiration dates of first aid supplies, emergency equipment and Health Room. • School nurse will discuss with the principal the importance of monitoring First Aid supplies and emergency equipment that are to be maintained in each school.
	<p>10e. The school principal (or designee) shall assure first aid supplies, emergency equipment, and facilities are maintained.</p>	<p>Miami- Dade County Public School (MDCPS)</p>	<ul style="list-style-type: none"> • School principal will be responsible for assuring that first aid supplies, emergency equipment and facilities are maintained • School principal will be made aware through briefings of the check list of recommended first aid supplies and emergency

			equipment that are to be maintained in each school.
	10f. All injuries and episodes of sudden illness referred for emergency health treatment shall be documented and reported immediately to the principal or the person designated by the principal or the acting principal.	DOH Miami- Dade County, Miami- Dade County Public Schools, The Children’s Trust and Community Partners.	<ul style="list-style-type: none"> • Providers of school health services will document and report to the principal all injuries and illness that require emergency treatment.
	10g. It is the responsibility of each school that is a member of the Florida High School Athletic Association to: 1) have an operational automatic external defibrillator (AED), 2) ensure employees expected to use the AED obtain appropriate training, and 3) register the AEDs with the county emergency medical services director.	Miami- Dade County Public School (MDCPS)	<ul style="list-style-type: none"> • MDCPS to offer AED training sessions at school sites for staff to be currently trained and certified. • MDCPS is responsible for posting the names of trained CPR/AED and First Aid staff at the following locations within each school: the health room, school office, cafeteria, gymnasium, Family and consumer science classroom, industrial arts classroom and other areas that pose an increased potential for injuries. • MDCPS is responsible for an operational (AED) in all schools. • Follow the district protocol.
11. Assist in Health Education Curriculum s. 381.0056(4)(a)(13), F.S.	11a. Collaborate with schools, health staff and others in health education curriculum development.	DOH Miami- Dade County, Miami- Dade County Public Schools, The Children’s Trust and Community Partners.	<ul style="list-style-type: none"> • DOH- Miami-Dade and the Children’s trust staff will collaborate with MDCPS personnel in health education curriculum development.

<p>12. Refer Student to Appropriate Health Treatment s. 381.0056(4)(a)(14), F.S.</p>	<p>12a. Use community or other available referral resources. Assist in locating referral sources for Medicaid eligible, uninsured and underinsured students.</p>	<p>DOH Miami- Dade County, Miami- Dade County Public Schools, The Children’s Trust and Community Partners.</p>	<ul style="list-style-type: none"> • Generate a list of health/mental care providers in the community that can be used as referral sources. • Refer and follow up with parents regarding available community resources to assist student’s health care needs. • Refer, follow up, document
<p>13. Consult with parent/guardian regarding student’s health issues s. 381.0056(4)(a)(15), F.S.; Chapter 64F-6.001(1), F.A.C.</p>	<p>13a. Provide consultation with parent/guardian, students, staff and physicians regarding student health issues.</p>	<p>DOH Miami- Dade County, Miami- Dade County Public Schools, The Children’s Trust and Community Partners.</p>	<ul style="list-style-type: none"> • The school health staff upon identification of student’s health issues will consult with parent/legal guardian, staff and /or provider and provide appropriate intervention for students with health needs. • Communicate with parents/legal guardian by telephone, in writing, or through personal contact concerning a student’s health problem or suspected health problem. • Maintain documentation of consultations.
<p>14. Maintain Health-Related Student Records ss. 381.0056(4)(a)(16), F.S., 1002.22, F.S.; Chapter 64F-6.005(1)(2), F.A.C.</p>	<p>14a. Maintain a cumulative health record for each student that includes required information.</p>	<p>DOH Miami- Dade County, Miami- Dade County Public Schools, The Children’s Trust and Community Partners.</p>	<ul style="list-style-type: none"> • School principal will designate a staff member to maintain a cumulative health record for each student. • Health teams will document relevant information on the cumulative health record according to Chapter 64F-6.005 (1) (2), F.A.C. • Immunization status and certification • Health history, including any chronic conditions and

			<p>treatment plan</p> <ul style="list-style-type: none"> • Screening, referrals, follow-up and corrective action • Health examination report • Documentation of injuries and documentation of episodes of sudden illness referred for emergency health care. • Documentation of student's Emergency Action Plan. • Documentation of student's consultations with school personnel. Students, parents/legal guardians or service providers about a student's health problem, recommendations made and results. • Documentation of medical provider's orders and parental permission to administer medication or medical treatment given in school. • If applicable, it should be noted in the student cumulative health record that a separate record of health information exists.
<p>15. Nonpublic School Participation ss. 381.0056(5)(a)(18), F.S., 381.0056(5)(a)-(g), F.S.</p>	<p>15a. Notification to the local nonpublic schools of the school health services program, allowing the nonpublic school to request participation in the school health services program provided they meet requirements.</p>	<p>DOH- Miami- Dade</p>	<ul style="list-style-type: none"> • Develop a current listing for all Non- Public Schools in Miami- Dade County • Contact all known non-public schools in the county through an information letter describing the school health services program, pertinent Florida Statutes, and roles

			<p>and responsibilities should they choose to participate in the local school Health Services Program.</p>
<p>16. Provision of Health Information for Exceptional Student Education (ESE) Program Placement s. 381.0056(4)(a)(17), F.S.; Chapters 6A-6.0331, F.A.C., 64F-6.006, F.A.C.</p>	<p>16a. Provide relevant health information for ESE staffing and planning.</p>	<p>DOH Miami- Dade County, Miami- Dade County Public Schools, The Children’s Trust and Community Partners.</p>	<ul style="list-style-type: none"> • Ensure health information is provided as needed by the school health nurses regarding the consideration and placement of students in exceptional student programs and the re-evaluation at periodic intervals of students placed in related programs. • Exceptional Students Education Program will consult with the DOH- Miami Dade School Health Services program, The Children’s Trust and /or other school health service providers as needed. Provide a current vision and hearing screening result and a review of the student records to ensure that physical health problems are considered in student placements.
<p>17. The district school board shall provide in-service health training for school personnel. s. 381.0056(6)(b), F.S.; Chapter 64F–6.002, F.A.C.</p>	<p>17a. Ensure that district staff are provided with training to assist with the day-to-day and emergency health needs of students.</p>	<p>Miami- Dade County Public School (MDCPS)</p>	<ul style="list-style-type: none"> • The School District will provide a list of trainings to the school personnel.

<p>18. The district school board shall include health services and health education as part of the comprehensive plan for the school district. s. 381.0056(6)(a), F.S.; Chapter 64F-6.002, F.A.C.</p>	<p>18a. School-based health services and health education are provided to public school children in grades pre-kindergarten through 12.</p>	<p>Miami- Dade County Public School (MDCPS)</p>	<ul style="list-style-type: none"> • School health services providers and health teams will provide services in grades Pre- K through 12. • DOH- Miami- Dade will provide consultation and technical support to private schools upon request and available resources.
<p>19. The district school board shall make available adequate physical facilities for health services. s. 381.0056(6)(c), F.S.; State Requirements for Educational facilities, 2014 and/or State Requirements for Existing Educational Facilities 2014</p>	<p>19a. Health room facilities in each school will meet Florida Department of Education (FDOE) requirements.</p>	<p>Miami- Dade County Public School (MDCPS)</p>	<ul style="list-style-type: none"> • Make principals aware through briefings of the mandates regarding adequate health room space and minimum health room specifications for the provision of health services. • Encourage new and renovated school facilities meet minimum health room specifications.
<p>20. The district school board shall, at the beginning of each school year, provide parent/guardian with information concerning ways that they can help their children to be physically active and eat healthy foods. s. 381.0056(6)(d), F.S.</p>	<p>20a. List programs and/or resources to be used to help children be physically active and eat healthy foods.</p>	<p>DOH Miami- Dade County, Miami- Dade County Public Schools, The Children’s Trust and Community Partners.</p>	<ul style="list-style-type: none"> • Each provider will develop educational material concerning ways that can help students to be physically active and eat healthy foods.
<p>21. The district school board shall inform parent/guardian in writing at the beginning of each school year of the health services provided. s. 381.0056(6)(e), F.S.</p>	<p>21a. Provide parent/guardian with list of services provided and the opportunity to request an exemption in writing.</p>	<p>Miami- Dade County Public School (MDCPS)</p>	<ul style="list-style-type: none"> • Follow MDCPS written plan which includes procedures for notifying parents of school health services provided and the opportunity for the parent/legal guardian to request an exemption in writing.

<p>22. The presence of any of the communicable diseases for which immunization is required by the Department of Health in a Florida public or private school shall permit the county health department director or administrator or the State Health Officer to declare a communicable disease emergency. s. 1003.22(9), F.S.; Chapter 64F-6.002(2)(d), F.A.C.</p>	<p>22a. The school health plan shall include communicable disease policies. Note: Policies need to provide for interagency coordination during suspected or confirmed disease outbreaks in schools.</p>	<p>DOH Miami- Dade County, Miami- Dade County Public Schools, The Children’s Trust and Community Partners.</p>	<ul style="list-style-type: none"> • All providers will adhere to s. 1003.22(9), F.S. The presence of any of the communicable diseases for which immunization is required by the Department of Health in a Florida public or private school shall permit the county health department director or administrator or the State Health Officer to declare a communicable disease emergency. The declaration of such emergency shall mandate that all students in attendance in the school who are not in compliance with the provisions of this section be identified by the district school board or by the governing authority of the private school; and the school health and immunization records of such children shall be made available to the county health department director or administrator. Those children identified as not being immunized against the disease for which the emergency has been declared shall be temporarily excluded from school by the district school board, or the governing authority of the private school, until such time as is specified by the county health department
---	---	--	---

			<p>director or administrator.</p>
<p>23. Each district school board shall include in its approved school health services plan a procedure to provide training, by a registered nurse, a licensed practical nurse, a physician or a physician assistant (pursuant to chapter 458 or 459), to the school personnel designated by the school principal to assist students in the administration of prescribed medication. s. 1006.062(1)(a), F.S.</p>	<p>23a. Include provisions in the procedure for general and student-specific administration of medication training.</p>	<p>DOH Miami- Dade County, Miami- Dade County Public Schools, The Children’s Trust and Community Partners.</p>	<ul style="list-style-type: none"> • Follow the MDCPS policies for medication administration • Utilize a standardized training manual to train designated school personnel on medication administration and to minimize medication risks. • Follow the MDCPS policies for medication administration • Research best practice curriculum to provide up to date trainings. • Increase outreach efforts to schools that have not participated in trainings for more than two year. • DOH- Miami- Dade, The Children’s Trust / Health Connect to provide child specific training to UAP.

<p>24. Each district school board shall adopt policies and procedures governing the administration of prescription medication by district school board personnel. s. 1006.062(1)(b), F.S.; Chapter 64B9-14, F.A.C.</p>	<p>24a. The school district medication policy will address the use of designated school staff for medication administration and be consistent with delegation practices.</p>	<p>DOH Miami- Dade County, Miami- Dade County Public Schools</p>	<ul style="list-style-type: none"> • Review on a yearly basis; the Medication Administration policy and procedure. • Include a copy of the medication policy and procedure in the manual for school health facilitator
<p>25. Each district school board shall adopt a policy and a procedure for allowing a student who is a qualified patient, as defined in s. 381.986, to use marijuana obtained pursuant to that section. ss. 1006.062(8), F.S., 381.986, F.S.</p>	<p>25a. Ensure that all school health room/clinic staff and school staff designated by principals have read and have on file the school district policy on medical marijuana. Pursuant to the district policy, develop procedures to follow when parents of students, that are qualified patients under section 381.986, Florida Statutes, request that medical marijuana be administered to their child at school.</p>	<p>Miami- Dade County Public Schools</p>	<ul style="list-style-type: none"> • Review the medical marijuana administration policy on a yearly basis • Follow the MDCPS policies for medical marijuana administration during school hours. • Include a copy of the medication policy and procedure in the manual for school health facilitator
<p>26. Students with asthma whose parent/guardian and physician provide approval may carry a metered dose inhaler on their person while in school. s. 1002.20(3)(h), F.S.; National Association of School Nurses (NASN) Position Statement, The Use of Asthma Recue Inhalers in the School Setting</p>	<p>26a. Ensure written authorization for use of metered dose inhaler at school is completed and signed by healthcare provider and parent/guardian.</p>	<p>DOH Miami- Dade County, Miami- Dade County Public Schools, The Children’s Trust and Community Partners.</p>	<ul style="list-style-type: none"> • Review on a yearly basis; the Medication Administration policy and procedure. • Include a copy of the medication policy and procedure in the manual for school health facilitator
<p>27. A student who is at risk for life-threatening allergic reactions may carry an epinephrine auto-injector and</p>	<p>27a. For students with life threatening allergies, the RN shall develop and update annually IHP that includes an ECP, in cooperation with the student, parent/guardian, physician, and school</p>	<p>DOH Miami- Dade County, Miami- Dade County Public Schools, The Children’s Trust and Community Partners.</p>	<ul style="list-style-type: none"> • Continue to follow the district policy and procedures for students with life-threatening allergies practicing self-medication and self-care.

<p>self-administer while in route to and from school, in school, or at school-sponsored activities if written parent/guardian and physician authorization has been provided. s. 1002.20(3)(i), F.S.; Chapters 6A-6.0251, F.A.C., 64F-6.004(4), F.A.C.; Saving Lives at School Anaphylaxis and Epinephrine School Nurse and Handbook for Connection Cards, NASN; NASN Position Statement on Rescue Medications in School; Students with Life-Threatening Allergies, 2017 Updated Guidance</p>	<p>staff. The IHP shall include child-specific training to protect the safety of all students from the misuse or abuse of auto-injectors. The ECP shall direct that 911 will be called immediately for an anaphylaxis event and have a plan of action for when the student is unable to perform self-administration of the epinephrine auto-injector.</p>		<ul style="list-style-type: none"> • Ensure the authorization for medication clearly states that the child was trained and is allowed to carry the medication and has been signed by the medical provider and parent. • Ensure Severe Allergy Emergency Action Plan is completed and signed by medical provider and parent. • School health providers RN and /or APRN to develop an IHCP, Emergency Action Plan/Emergency Care Plan with input from the medical provider, parent, student and school staff. • Child specific training will be provided as needed. • Provide training to school personnel levels I, II, III • If student is unable to self-care and manage health condition refer for 504 consideration or accommodation
<p>28. A public school may purchase a supply of epinephrine auto-injectors from a wholesale distributor or manufacturer as defined in s. 499.003, F.S. for the epinephrine auto-injectors at fair-market, free, or reduced prices for use in the event a student has an anaphylactic reaction. The epinephrine auto-injectors must be</p>	<p>28a. If the school district has chosen to maintain supplies of epinephrine auto-injectors, a standing order and written protocol has been developed by a licensed physician and is available at all schools where the epinephrine auto-injectors are stocked.</p>	<p>Miami- Dade County Public Schools (MDCPS)</p>	<ul style="list-style-type: none"> • MDCPS attorney advised that MDCPS is not participating in having epinephrine on hand.

<p>maintained in a secure location on the public school's premises. The participating school district shall adopt a protocol developed by a licensed physician for the administration by school personnel who are trained to recognize an anaphylactic reaction and to administer an epinephrine auto-injection. s. 1002.20(3)(i)(2), F.S.</p>			
<p>29. Educational training programs required by this section must be conducted by a nationally recognized organization experienced in training laypersons in emergency health treatment or an entity or individual approved by the department. The curriculum must include at a minimum: (a) Recognition of the symptoms of systemic reactions to food, insect stings, and other allergens; and (b) The proper administration of an epinephrine auto-injector. s. 381.88, F.S.</p>	<p>29a. Ensure that school staff that are designated by the principal (in addition to school health staff in the school clinic) to administer stock epinephrine auto-injectors (not prescribed to an individual student) are trained by a nationally recognized organization experienced in training laypersons in emergency health treatment or an entity approved by the Department of Health.</p>	<p>Miami- Dade County Public Schools (MDCPS)</p>	<ul style="list-style-type: none"> • M-DCPS attorney advised that the MDCPS is not participating in having epinephrine on hand.
<p>30. Students with diabetes will have a Diabetes Medical Management Plan (DMMP) from the student's healthcare provider that includes medication orders and orders</p>	<p>30a.
