SUBJECT: RENEWAL OF DISTRICT'S PROPERTY INSURANCE PROGRAM

COMMITTEE: FISCAL ACCOUNTABILITY & GOVERNMENT RELATIONS

LINK TO STRATEGIC BLUEPRINT: EFFECTIVE AND SUSTAINABLE BUSINESS PRACTICES

The School Board is required to carry property insurance on all school buildings and all school plants including contents, boilers and machinery, except buildings of three classrooms or less, pursuant to the provisions of Section 1001.42(11)(b)(8)(d), Florida Statutes. Additionally, pursuant to the provisions of the Robert T. Stafford Disaster Relief and Assistance Act (Stafford Act), FEMA funding becomes available after a disaster declaration from the President of the United States of America. FEMA has taken a very strict position based on recent Office of Inspector General audits of Florida grant recipients on the required purchase of coverage following the receipt of FEMA funds, which Miami-Dade County Public Schools has received, resulting in increased scrutiny of property owner's coverages by FEMA.

BACKGROUND AND UPDATES

At the Board meeting of February 9, 2022, the Board authorized staff, through Arthur J. Gallagher Risk Management Services, Inc. (AJG) to secure and bind maximum available limits of all-risk, replacement cost property insurance coverage with limits up to the existing \$200M per occurrence with annual premiums for such coverage not to exceed \$20M. Authorization was also received to secure and bind terrorism coverage in the amount of \$50 million property damage/\$10M bodily injury, with annual premiums not to exceed \$100,000 as well as authorizing renewal of flood insurance coverage with the National Flood Insurance Program (NFIP), for all properties required by the Federal Government to be covered with estimated premiums not to exceed \$2.5M. All three coverages were authorized to be secured and bound for the 12-month period of May 1, 2022, through April 30, 2023.

PROGRAM RENEWAL

Staff through AJG has secured and bound \$200 million in all risk, replacement cost property insurance which has been bound effective May 1, 2022, with all premiums, excluding applicable state fees totaling \$18,865,271. AJG has successfully negotiated a -3.01% rate reduction when combined with the 5.19% increase in total insured values results in overall premium increase of 2.18%

Since 2017 the hardening of the catastrophic property market has continued. A recent survey of other large school districts shows the majority receiving double digit premium increases. The District's strategic commitment to long term partnerships with insurers in both the foreign and domestic markets have mitigated any drastic fluctuations in premium increases.

A portion of the primary layer of coverage is on a multi-year structured insurance program (MYSIP), including premiums and capacity to insulate the District from significant market changes. One of the goals this renewal was to continue multi-year participation to include participation in the MYSIP program and Long-Term Agreements (LTA) that lock a carrier's rate in on 2021 rates with certain conditions. Those conditions include set loss ratio requirements and capping any annual Total Insured Value (TIV) not to exceed 15%.

Staff is pleased to report we have 69% of the primary layer that agreed to continue multi-year agreements that lock in 2021 rates. Berkshire Hathaway has continued their 32% participation in the MYSIP program in the Primary \$100M layer through 2025. The remainder of that layer (33% part of 100%) or \$33M of that layer is traditional annually renewed participation. Combined they provide all risk, replacement cost coverage which covers named windstorm/flood and all other perils coverage. Additionally, we have now arranged carrier participation in LTA's for 28% of the first excess layer \$50M of \$100M and 31% of the second excess lay \$50 excess of \$150M.

Berkshire Hathaway's MYSIP capacity includes the same No Claims Bonus (NCB) provision, whereby the District is eligible to receive reimbursement of 10% of premiums paid, net of commissions paid in years without any reported or paid losses above the named windstorm/flood Deductible of \$100M.

The MYSIP will be providing a NCB in the estimated amount of \$267,479 for policy year 2021. Additionally, authorized terrorism coverage with limits of \$50 million for property damage/\$10 million bodily injury has been bound with an annual premium of \$87,500.

The District has over 700 policies written through the National Flood Insurance Program (NFIP) on individual buildings and their contents up to the capped amount of \$500,000 per building and \$500,000 for contents with an applicable deductible of \$50,000 each. Combined Flood coverage through NFIP for combined total of over \$660M. This coverage is in coordination with the Property program \$25M sublimit.

The following requests are sought pursuant to the authority provided within State Board Rule 6A-1.012(15) wherein the District, when entering into risk management programs, may make such acquisitions by direct negotiations and contract.

The Board has previously approved a contract with Sedgwick Claim Management Services, Inc. for property adjusting services on an as-needed basis following a loss to real property, with funding to come from the District's self-insured property fund. Sedgwick Claim Management Services, Inc. is currently named in the District's property policies as the authorized adjusting firm, which is crucial when numerous insurers participate in a layered property program. The focus of this contract would be to

coordinate efforts for determination of a scope of loss to access FEMA funds for losses within the District's retention, and then to represent the carriers in a loss which exceeds the deductible. The fees for these services would be reimbursable through FEMA if the loss resulted from a FEMA eligible named storm.

Staff is recommending renewal of this contract at the following rates:

	<u>2022-2023 Hourly Rates</u>
Adjuster	\$131
Branch General Adjuster	\$147
Regional General Adjuster	\$198
Protégé Adjuster	\$198
National General Adjuster	\$218
Executive General Adjuster	\$270
Senior Executive General Adjuster	\$302

For the past several years, the Board has approved the use of contracted surveying/engineering firms to provide sealed elevation certificates to procure necessary flood coverage through the National Flood Insurance Program (NFIP). Staff is requesting this authority be continued for the upcoming policy year to access such certificates through Special Project Consultants (SPC)/Architects/Engineering Project Consultants (AEPC) firms with expenses not to exceed \$50,000, with funding to come from the District's self-insured property fund.

RECOMMENDED: That The School Board of Miami-Dade County, Florida:

4. authorize renewal of the adjusting services performed by Sedgwick Claim Management Services, Inc. for property adjusting services to be used on an as-needed basis when a loss would result in a liability to the District's self-insured property program, with adjusting expenses to be as follows with expenses to be paid from the District's self-insured property fund:
