It is important to disclose that none of the 39 charter schools in this group met a condition of a financial emergency or a deteriorating financial condition as of June 30, 2021, and therefore no formal corrective or oversight action is mandated by Section 1002.345, Florida Statutes.

Of the 39 charter schools in this group, 36 were free of significant fiscal issues. The certified financial statements of the remaining 3 charter schools disclosed two schools with fiscal issues, one of which is voluntarily terminating its charter in June 2022. The remaining school had a finding noted in its Management Letter, which was also listed as a significant deficiency on the Independent Auditor's Report on Internal Control Over Financial Reporting. School management agrees with the finding and will develop additional procedures to address this condition.

Also, we are presenting four of five CBOs with various years ending in 2021. Two of the CBOs were found to be financially sound. The other two CBOs ended their contractual relationship with the District. One of these CBOs had fiscal concerns and the other one had two Management Letter findings. The fifth CBO has not yet provided its audited financial statements as of December 31, 2021. As stipulated in their contract with the District, these audited financial statements are due 90 days after the fiscal year end which is March 31st. The District issued this CBO a letter of non-compliance on April 20, 2022.

The School Board Audit and Budget Advisory Committee will review these financial statements at its May 10, 2022, meeting to consider its transmission to the School Board.

Copies of these financial statements will be distributed and placed on file in the Office of the Recording Secretary to the School Board and in the Citizen Information Center.

The audited financial statements may be viewed at:

RECOMMENDED: That the School Board of Miami-Dade County, Florida, receive and file the Review of Audited Financial Statements for the last 39 of 139 Charter Schools During the Fiscal Year Ended June 30, 2021 and Four of the Five Community-Based Organizations (CBOs) Operating During the Various Fiscal Year Ended in 2021.
