SUBJECT: BOARD ARCHIVES

COMMITTEE: PERSONNEL, STUDENT, SCHOOL & COMMUNITY SUPPORT

LINK TO STRATEGIC PLAN: EFFECTIVE & SUSTAINABLE OPERATIONAL PRACTICES

Board members are public servants committed to be the voice of the educational needs and concerns of parents, students, and the entire community. School Board policy 0165.1, *Agendas* extends Board members the opportunity to proffer action items and initiatives for the Board's consideration regarding important issues affecting the District and the community. The body of work presented in these agenda items is part of the Board's legacy of public service. In order to facilitate access to these records, it would be beneficial for the Board, the community, and all stakeholders, to explore the creation of an electronic database to serve as digital Board archives. These Board archives will contain the organized and searchable collection of Board members' agenda items. Easy access to this information will enhance efficiency within the Board and the District and will increase transparency in government.

This agenda item seeks to direct the Superintendent of Schools to explore the creation of an electronic database to serve as digital Board archives. These archives shall contain the organized and searchable collection of agenda items proffered by Board Members and shall enable users to search said agenda items under various criteria, such as keyword, sponsor's name, and/or subject matter. These Board archives shall be a permanent section on the District's website and shall provide user-friendly access to the public.

This item has been reviewed and approved by the School Board Attorney's Office as to form and legal sufficiency.
