

Dr. Dawn M. Baglos, Chief Human Capital Officer
Office of Human Capital Management

**SUBJECT: REQUEST APPROVAL OF ADMINISTRATIVE APPOINTMENTS FOR
2023-2024 AND JOB DESCRIPTIONS**

COMMITTEE: PERSONNEL, STUDENT, SCHOOL, AND COMMUNITY SUPPORT

**LINK TO STRATEGIC
PLAN: HIGHLY EFFECTIVE TEACHERS, LEADERS AND STAFF**

The administrative assignment recommendations are made in accordance with Board Policies 1111; 1120; 1130; 1130.01; 3120.01, and the Miami-Dade County Public Schools/Dade County School Administrators' Association labor contract.

Considerations for reassignments of managerial exempt, professional and technical personnel were predicated upon an intensive review of information by appropriate administrators. Based upon current job trends, a competitive market analysis, and/or a demonstrated market demand, the Superintendent has the authority to adjust compensation upon appointment and thereafter, within the pay grade set forth in this item, to effectively recruit and retain the most talented workforce. Outside candidates must successfully complete any State and District mandated background screening requirements [e.g., fingerprinting (Level II), drug screening], prior to hiring.

The recommended managerial exempt, professional and technical personnel appointments reflect the honoring of requests for lateral reassignments, where possible. Assignments of personnel and appointments of managerial exempt, professional and technical staff may be a result of the Board-approved advertisement and selection process, or by a direct appointment of an individual who has demonstrated the specific qualifications and background applicable to the position.

State statutes and subsequent changes in Board policies governing Administrative/Professional and Technical Staffing require that all first year principalship appointments be "Interim" appointments.

In order to fill school-site allocations and other allocations vacated by promotion, leave, retirement, and other attritional factors, it is recommended that the following personnel assignments be authorized by the School Board. Revisions, additions and/or deletions may be made to the recommended personnel assignments, as necessary, to ensure efficient school system operations, and if such modifications are made, a revised Board item will be submitted, prior to the Board meeting.

The Office of Information Technology Service will report to the Chief of Staff with a secondary reporting line to the Superintendent of Schools. Additionally, the job titles of Administrative Director Application Development and Client Support and Administrative Director Business and Operational Services are being changed to District Technology Officer, Application Development and Client Support, and District Technology Officer, Network, Cybersecurity and

**Revised³
D-21**

Technical Services to align with the titles of those that perform similar functions and duties within the information technology industry.

As the market for student educational services becomes more competitive, Miami-Dade County Public Schools recognizes the financial challenges this places on the District. The District is evolving and developing methods to position our schools as the best choice for students and families and considering any additional educational supports we can provide to the School Community. As a result, the position of Enterprise Development Officer (pay grade 25) is being added to the Office of Financial Services. The Enterprise Development Officer's primary responsibility is to devise, develop, and deliver an innovative, comprehensive, and tactical plan for business development and income generation to maximize revenue for the District and leverage the full complement of district assets. As FTE funding is the largest source of revenue for the District, the Administrative Director, Federal and State Compliance Office will report to the Enterprise Development Officer. This change will enhance the District's ability to become more financially sustainable and more strategic in addressing the needs of our school community. This is at no additional cost to the District due to the elimination of existing positions.

Furthermore, authorization of the Board is requested to establish and classify and update job descriptions made in accordance with School Board Policy 1600 and with Florida Statutes 1001.42 and 1012.22. A copy of the job description described below will be forwarded to Board Members under separate cover and will be placed on file in the offices of Citizen Information Center and the Board Recording Secretary.
