It brings great pleasure to the School Board to share wonderful and exciting news about the Miami Northwestern Girls Track and Field team. This year, the team has made great strides and achieved remarkable success. We are honored and proud to announce that these young women fought through many challenges and were still crowned champions, for the 19th time since the year 1999.

On May 19, 2023, the Miami Northwestern Girls Track and Field team won the FHSAA 3A Track and Field State Championship, under the leadership of its legendary head coach Carmen Jackson. These remarkable young women went out and had stellar performances coming 1st in the 4x100m relay, 1st in the girls long, 4th in the 100 hurdles, and 1st, 5th, and 6th in the 400m hurdles. With these top 6 results, the team had a cumulative score of 80 points, beating out their competitors.

We are all pleased to know that the Miami Northwestern Track and Field program excels not only on the track, but off the track as well. This speaks volume to the students' dedication and commitment to education and athletics. We would like to send a heartfelt thank you to the coaches, principals, administrators, staff, parents, stakeholders, alumni, and the community, but more importantly the young women from the Miami Northwestern Track and Field team for their perseverance. Their hard work really paid off. The School Board, District 2, our community partners, and the entire Miami-Dade County Public Schools are very proud of these scholar athletes.
