SUBJECT: **INITIAL READING: PROPOSED AMENDMENTS TO SCHOOL BOARD POLICIES 6320, *PURCHASING*, AND 6332, *PROFESSIONAL SERVICES CONTRACTS FOR INSURANCE OR RISK MANAGEMENT PROGRAMS***

COMMITTEE: **FISCAL ACCOUNTABILITY AND GOVERNMENT RELATIONS**

LINK TO STRATEGIC PLAN: **EFFECTIVE & SUSTAINABLE OPERATIONAL PRACTICES**

Consistent with the Board's responsibility to review and update policies, and pursuant to Board action, authorization is requested to initiate rulemaking proceedings to amend Policies 6320, *Purchasing*, and 6332, *Professional Services Contracts for Insurance or Risk Management Programs*. These policies are proposed for amendment pursuant to July 2026 Item H-4, "Review of School Board Policies and Administrative Procedures Governing Procurement Evaluation Committees and Recommendation Processes," proffered by Board Member Daniel Espino, which directed the Superintendent to, among other things, propose revisions to Policy 6320, *Purchasing*, and any other active procurement-related board policies and administrative procedures, to promote the use of objective, measurable, and clearly defined evaluation criteria whenever practical.

In accordance with this item, Policy 6320 would be amended to require the Superintendent to develop administrative procedures that ensure consistency in evaluation methodologies, scoring practices, weighting of evaluation criteria, and committee documentation, and that strengthen transparency, accountability, public confidence, operational excellence, and the Board's ability to exercise effective governance over the approval of District contracts. The administrative procedures must ensure the appropriate use of subjective evaluation criteria, requiring written justifications for subjective evaluations when appropriate and require RFP and ITN solicitations to specify scoring methodologies, ranking procedures, and any voting requirements specific to the bid, including voting by consensus. The procedures must also require agenda items recommending bid awards to be supported by memoranda providing a reasonable summary of the evaluation criteria, assigned weights, proposer scores, and committee rankings; describing the selection committee's actions and, when necessary, the rationale supporting a recommendation; providing a concise explanation of the basis for the recommended award; and identifying the full membership of all committees convened to evaluate and recommend the award. Corresponding procedural changes have been made to applicable Procurement Management Services manuals. Policy 6332 would separately be amended to incorporate these requirements by reference and to require procedures governing health insurance and flexible benefit RFPs and ITNs to have multiple stages of scoring for core benefit plans. Under the amended policy, when fewer than three (3) responsive proposals are received, a single round of formal scoring may be utilized. Consensus votes during any scoring phase for these RFPs and ITNs would be prohibited.

These amendments were drafted in collaboration with, and reviewed by the Superintendent, Cabinet, and District staff. The Notice of Intended Action and policy with strikethroughs and underlines are attached.

RECOMMENDED:

That The School Board of Miami-Dade County, Florida, authorize the Superintendent to initiate rulemaking proceedings in accordance with the Administrative Procedure Act to amend School Board Policies 6320, *Purchasing*, and 6332, *Professional Services Contracts for Insurance or Risk Management Programs*.

NOTICE OF INTENDED ACTION

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA, announced on September 9, 2026, its intention to amend School Board Policies 6320, *Purchasing*, and 6332, *Professional Services Contracts for Insurance or Risk Management Programs*, at its meeting of October 14, 2026.

PURPOSE AND EFFECT: School Board Policies 6320, *Purchasing*, and 6332, *Professional Services Contracts for Insurance or Risk Management Programs*, are proposed for amendment pursuant to Board action to revise policies and procedures to promote the use of objective, measurable, and clearly defined evaluation criteria whenever practical.

SUMMARY: Policies 6320, *Purchasing*, and 6332, *Professional Services Contracts for Insurance or Risk Management Programs*, are proposed for amendment to require that administrative procedures be developed ensuring consistency in evaluation methodologies, scoring practices, weighting of evaluation criteria, and committee documentation. The administrative procedures developed for all RFPs and ITNs under Policy 6320 would ensure the appropriate use of subjective evaluation criteria and require RFP and ITN solicitations to specify scoring methodologies, ranking procedures, and any voting requirements specific to the bid, including voting by consensus. The procedures would also require agenda items recommending bid awards to be supported by memoranda providing a reasonable summary of the evaluation criteria, assigned weights, proposer scores, and committee rankings; describing the selection committee's actions and, when necessary, the rationale supporting a recommendation; providing a concise explanation of the basis for the recommended award; and identifying the full membership of all committees convened to evaluate and recommend the award. Policy 6332 would incorporate these requirements by reference and require procedures governing health insurance and flexible benefit RFPs and ITNs to have multiple stages of scoring for core benefit plans. When fewer than three (3) responsive proposals are received, a single round of formal scoring may be utilized. Consensus votes during any scoring phase for these RFPs and ITNs would be prohibited.

- A. Tier I: \$0 to \$2,499

Requirements for purchases based on these purchasing thresholds are provided in Section III, below.

The department designated for making purchases with Board funds is the Board's Procurement Management Services Department. All agreements must be executed by an individual with valid signing authority.

Payment for any unauthorized purchase(s) may be the responsibility of the person who made the purchase(s).

I. **Definitions**

II. **Purchase Approval and Competitive Bidding Process Requirements**

The Superintendent shall be responsible for the procurement of supplies, materials, equipment, and services paid for using Board funds. Schools and departments of the District under the Board's jurisdiction shall purchase their materials or commodities through Procurement Management Services, the Board's official purchasing department. All purchases shall comply with law, rules, regulations, and Board policies. The Superintendent may approve or reject purchase requisitions when the total amount does not exceed the Tier III threshold, as set forth in Section III., below. Purchases equal to or exceeding the Tier III purchasing threshold shall be approved by the Board, except for those delineated below:

- A. Where the purchasing agent for any public agency is authorized by law to make purchases for the benefit of other governmental agencies within the county, the Board shall have the option to purchase under the current contracts as established for these public agencies at or below the stated unit price, if the purchase is economically advantageous to the Board and the items purchased conform to the standards and specifications prescribed by the Superintendent.
- B. As required by F.S. 1001.42(12)(j), the Board shall receive and consider available prices according to the rules of the Department of Management Services, Division of Purchasing. The Board may use prices established by the Division of Purchasing through its State purchasing agreement price schedule. If Board policy provides for purchasing under this State purchasing program, the conditions for use shall be those imposed on State agencies.
- C. In lieu of requesting competitive solicitations from three (3) or more sources, the Board may make purchases at or below the specified prices from contracts competitively solicited and awarded by other city or county governmental agencies, other school boards, community colleges, Federal agencies, the public or governmental agencies of any state, or from State university system cooperative bid agreements, when the proposer awarded a contract by another entity permits

purchases by a school board on the same terms, conditions, and prices (or below such prices) awarded in the contract, and the purchases are economically advantageous to the Board.

- D. The requirement for requesting competitive solicitations for commodities or contractual services from three (3) or more sources is waived pursuant to F.S. 1010.04(4)(a), for:
1. the purchase by the Board of professional services which shall include artistic services; academic program reviews; lectures by individuals; auditing services not subject to F.S. 218.391; legal services, including attorney, paralegal, expert witness, court reporting, appraisal or mediator services; and health services involving examination, diagnosis, treatment, prevention, medical consultation or administration; procurements which render competitive bidding impractical; and
 2. the purchase by the Board of educational services and copyrighted materials including educational tests, textbooks, printed instructional materials, computer software, films, filmstrips, videotapes, DVDs, disc or tape recordings, digital recordings, or similar audio-visual materials, and for library and reference books, and printed library cards where these materials are purchased directly from the producer or publisher, the owner of the copyright, an exclusive agent with the State, a governmental agency or a recognized educational institution; provided, however, that purchases for computer applications and software purchases that are not content-based (i.e., contain intellectual content for student instruction) and are equal to or exceed \$5,000,000 per contract must be formally competitively bid.

- E. Additional exemptions authorized under certain conditions:

The requirements for requesting competitive solicitations and making purchases for commodities and contractual services are waived pursuant to F.S. 1010.04(4)(a), when the following conditions have been met by the Board:

1. competitive solicitations have been requested in the manner prescribed by F.A.C. 6A-1.012; and
2. the Board has made a finding that no valid or acceptable firm proposal has been received within the prescribed time.

When such a finding has been officially made, the Board may enter into negotiations with suppliers of such commodities and contractual services and shall have the authority to execute contracts with such

vendors under whatever terms and conditions the Board determines are in its best interests.

If fewer than two (2) responsive proposals for commodity or contractual services are received, the Board may negotiate the best terms and conditions or decide to reject all proposals. The Board shall document the reasons that negotiating terms and conditions with the sole proposer is in the best interest of the District in lieu of soliciting new proposals.

- F. Commodities or contractual services available from a single source may be exempted from the competitive solicitation requirements. When the Board believes that commodities or contractual services are available only from a single source, the Board shall electronically or otherwise publicly post a description of the commodities or contractual services for a period of at least fifteen (15) business days or the applicable number of days defined in statute, whichever is longer. The description must include a request that prospective vendors provide information regarding their ability to supply the commodities or contractual services described. If it is determined in writing by the Board, after reviewing any information received from prospective vendors, that the commodities or contractual services are available only from a single source, the Board shall provide notice of its intended decision to enter a single source contract in the manner specified in F.S. 120.57(3) and may negotiate the best terms and conditions with the single source vendor.
- G. A contract for commodities or contractual services may be awarded without competitive solicitations if State or Federal law, a grant, or a State or Federal agency contract prescribes with whom the Board must contract or if the rate of payment is established during the appropriations process.
- H. A contract for regulated utilities or government-franchised services may be awarded without competitive solicitations.
- I. Except as otherwise required by statute, the Board, when purchasing insurance, entering risk management programs, or contracting with third party administrators, may use the competitive solicitation process or direct negotiations and contract.
- J. The Board may dispense with requirements for competitive solicitations for the emergency purchase of commodities or contractual services when the Superintendent determines in writing that an immediate danger to the public health, safety, or welfare or other substantial loss to the School District requires emergency action, pursuant to F.A.C. 6A-1.012(12)(e). After the Superintendent makes this written determination, the Board may procure commodities or contractual

services necessitated by the immediate danger without requesting competitive solicitations. However, such an emergency purchase shall be made by obtaining pricing information from at least two (2) prospective vendors, which must be retained in the contract file, unless the Superintendent determines in writing that the time required to obtain pricing information will increase the immediate danger to the public health, safety, or welfare or other substantial loss to the District.

- K. When an emergency arises, circumstances contributing to the emergency shall be communicated to the proper department, which in turn will notify Procurement Management, requesting the emergency purchase. All emergency purchases must be made in accordance with this policy, F.A.C. 6A-1.012, and District procedures governing such purchases.

A requisition for an emergency purchase shall be accompanied by the appropriate Emergency Purchase Request Form, explaining the circumstances creating the emergency and clarifying that immediate action is required to protect the Board's interests. Emergency purchases are divided into two (2) categories as follows:

1. Emergency Purchase Request Form B (FM-3739): estimated expenditures less than the Tier III purchasing threshold require all signatures listed on the form.
2. Emergency Purchase Request Form A (FM-2333): estimated expenditures exceeding the Tier III purchasing threshold require all signatures listed on form and shall be reported to the Board.

When emergency purchases are made and approved by the Superintendent or the Superintendent's designated representative, the Superintendent will report all such emergency purchases to the Board via the Monthly Exemptions Report.

- L. Competitive bidding is waived for purchases of maintenance and/or service contracts, on various types of technical equipment, that are offered and/or supplied only by the original manufacturer or its representative, or that are required to maintain the integrity of the manufacturer's warranty, or that are part of the manufacturer's rental/lease/lease purchase agreements terms and conditions.
- M. Non-Purchase Order Invoice Funds Reservation Purchases/Check Requests are purchases for goods and services, expenditures, fund transfers, etc., that are not appropriate for normal competitive purchasing procedures. Periodically, these purchases shall be reviewed by procurement staff to ensure compliance with this policy. Only the expenditures listed below will be authorized and processed as Non-Purchase Order Invoice Funds Reservation/Check Requests Purchases.

Non-Purchase Order Invoice Funds Reservation/Check Requests purchases require the same financial authorization and approval process as purchase requisitions and shopping carts. Those purchases for goods and services, expenditures, fund transfers, etc., that are authorized for Non-Purchase Order Invoice Funds Reservation/Check Requests Purchases are limited to include various types of fund advances, services, reimbursements and purchases, and/or payment for goods and services, which are not appropriate for normal competitive purchasing procedures:

1. additional services where a professional service contract is not required or there is no bid in place (polygraph, transcribing, etc.)
2. employee related admission/registration fees to workshops and conferences that are not expensed to out-of-county travel (all out-of-county travel must be entered through and approved by the travel system process in accordance with Policy 6550)
3. association fees, professional association dues, academy certification requirements and District membership to organizations
4. internal distribution of funds to school athletic programs, vending machine commissions, diplomas, and savings programs
5. District rental/lease of facilities
6. all utility service, connection charges, and fees
7. graduation program fees (non-employees, union charges, etc.), including facility rental, equipment requirements, foliage rental, non-employees, and union charges
8. tickets, and admissions to parks, registration fees for competitions, and hotel accommodations, not done through a travel agency
9. groceries and supplies for educational use in alternative programs or academic requirements
10. media advertising (newspaper, radio, television, brochures, pamphlets, etc.)
11. grant authorized workshop reimbursements including refreshments
12. petty cash replenishment

13.postage requisitions

14.toll charges for authorized District departments

15.travel reimbursement for non-employees

- N. Contracts for legal services by the General Counsel for the Board for attorneys retained, contracted, and supervised by the General Counsel, and for contracted third party claims administration. Although such contracts and services are exempt from competitive solicitation and do not require prior Board authorization, the anticipated expenditures for such contracts must be within the Board-approved budget for these expenses, and the General Counsel shall provide quarterly reports to the Board delineating all contracts for legal services provided by outside counsel which exceed or are anticipated to equal to or exceed \$50,000.
- O. Contracts for nonpublic school placements and other services/goods for which selection procedures are provided by State statute, State Board rule, or other Board policy.
- P. Procurement Management Services staff will provide the Board a monthly written expenditure report of purchases made using the exemptions above and that equal to or exceed \$50,000.00. The report shall include date of purchase, vendor, amount, funding source, evidence of electronic noticing, and purchasing authority.
- Q. The Board shall have the authority to reject any or all proposals submitted in response to any competitive solicitation and to request new proposals or purchase the required commodities or contractual services in any other manner authorized by this section.

As much as practicable, all purchases shall be based on contracts, P-Card systems, electronic procurements, or purchase orders.

- R. The Board, when acquiring, whether by purchase, lease, lease with option to purchase, rental or otherwise, information technology, as defined in F.S. 282.0041, may make acquisitions through the competitive solicitation process or by direct negotiation and contract with a vendor or supplier, as fits the needs of the District as determined by the Board.
- S. The Superintendent may be authorized to purchase commodities or contractual services where the total amount does not exceed an amount prescribed by the Board and does not exceed the applicable appropriation in the District budget. The Superintendent may also be authorized to purchase commodities or is exempt by statute or Florida Administrative Code, or contractual services under Department of Management Services State term contracts. The Superintendent may

authorize designated staff to perform these purchasing tasks.

- T. In accordance with State law and Policy 6327, *Public-Private Partnerships, Unsolicited Proposals, Competitive Solicitations, and Direct Negotiations Regarding Board-Owned Property and Resources*, the Superintendent may submit proposed public-private partnership agreements for qualifying projects, including those resulting from unsolicited proposals, to the Board for consideration. The Superintendent and Board shall evaluate and consider all proposed public-private partnership agreements according to the guidelines in F.S. 255.065 and Policy 6327.

III. **Competitive Bidding Requirements**

All purchases shall be carried out using good purchasing practices. Such practices include, but are not limited to, the receipt of written/dated quotations. This section outlines specific requirements for each method of procurement, in accordance with Federal and State laws and State Board rules.

The following requirements apply to all District procurements based on the applicable purchasing threshold:

Tier I (\$0 to \$2,499) – shall obtain one (1) written/dated quotation with an expiration date.

Tier II (\$2,500 to \$49,999) – shall obtain three (3) written, or electronic, and dated quotation(s), which may be completed using a Request for Quotes templates.

Tier III (\$50,000 and above) – shall utilize the Invitation to Bid, Invitation to Negotiate, or the Request for Proposal template(s).

Additionally, revenue-generating agreements that equal to or exceed \$100,000, and any other revenue-generating agreements the Superintendent determines will have a substantial impact on the District or community, or on student and employee health, safety, and welfare, must be recommended to the Board for approval.

A. Invitation to Bid (ITB)

An Invitation to Bid may be used when the Board is capable of specifically defining the scope of work for which a contractual service is required or when the Board is capable of establishing precise specifications defining the actual commodity or group of commodities required.

The following process shall be followed for an ITB:

1. For contracts estimated to exceed the Tier III threshold annually:
 - a. In accordance with Board Policy 6320.02, the Goal Setting Committee (GSC) shall review the summary scope of work to determine incentives to be applied under the supervision of Procurement Management Services for vendors certified by the District's Business Access department (Business Access).
 - b. The ITB shall be advertised to solicit maximum vendor participation. To enhance Certified Business Enterprise participation, advertisements may be published and announced in major publications that serve minority communities; however, they shall be posted electronically. A link to advertisements and notices shall be placed on the District's website accessible through a direct link from the homepage.

All advertisements and public notices published on a website as provided in F.S. Chapter 50 must be in a searchable form and indicate the date on which the advertisement or public notice first appeared on the website. A public bid advertisement hosted on the District website must include a method to accept electronic bids.

2. The ITB shall include an implementation schedule consisting of the following:
 - a. GSC meetings;
 - b. mailing/posting date;
 - c. pre-proposal conference (if required);
 - d. opening date and time documented by bid opening minutes;
 - e. evaluation and tabulation of bid;
 - f. recommendation of award process to the Board; and
 - g. award notification is provided to all awarded bidder(s).

3. The Board may accept the proposal of the lowest responsive, responsible proposer. Alternatively, the Board may award contracts to the lowest responsive, responsible bidder as the primary awardee of a contract and to the next lowest responsive, responsible bidder(s) as alternate awardee(s) from whom commodities or contractual services would be purchased should the primary awardee become unable to provide all of the commodities or contractual services required by the Board during the term of the contract. Multiple awards to the lowest responsive and responsible bidders are permitted when multiple awards are clearly allowed by the bid solicitation documents. Also, awards shall be made to preapproved vendor(s), where price is not an evaluation factor and bidders are responsive to other factors noted within the solicitation document.
4. When a bid is deemed appropriate, the performance specifications and standard requirements shall be stated in detail and shall be furnished to Procurement Management Services by the originating department. After review, Procurement Management Services shall issue the ITBs, including all general and special conditions, and evaluate the bids submitted. The requirements for solicitation and review of bids by the GSC shall be followed in all cases. Board approval is required for contracts recommended for award.
5. For each purchase that exceeds the Tier III threshold, bids shall be noticed publicly to ensure open competition. A link to advertisements and notices shall be placed on the District's website accessible through a direct link from the homepage. Additional emails may be sent to all vendors on the active vendor mailing list(s) per commodity code(s). This list shall include all Certified Business Enterprise vendors, identified by the Board in accordance with Policy 6320.02, for that particular category of goods or services, as well as organizations involved in assisting Certified Business Enterprises. Notices of bids shall be advertised in one (1) or more major local newspapers or electronically posted at least seven (7) days prior to the bid opening date. This may include, as necessary, major newspapers having circulation representative of the various relevant minority classifications or electronic posting. Tabulations of current bids shall be retained in bid files and shall be available for reference. Standard bid forms used shall be those reviewed and approved by the General Counsel's office. All advertisements and public notices published on a website as provided in F.S. Chapter 50 must be in a searchable form and indicate the date on which the advertisement or public notice first appeared on the website. A public bid advertisement

hosted on the District website must include a method to accept electronic bids.

6. Any additional evaluation criteria, such as small or micro-business enterprise, minority and/or veteran preferences that are referenced in the solicitation document shall be reviewed and evaluated.

B. Request for Proposals (RFP)

The Board may award contracts to one (1) or more responsive, responsible proposers in accordance with the selection criteria published in the request for proposal. The Board is not required to request proposals for purchases made from contracts of the Department of Management Services.

The RFP shall be used when it is not practicable for the Board to specifically define the scope of work for which the commodity, group of commodities, or contractual service is required and when the Board is requesting that a responsible vendor propose a commodity, group of commodities, or contractual service to meet the specifications of the solicitation document.

In accepting responses to RFPs, the Board may award contracts to one or more responsive, responsible proposers in accordance with the selection criteria published in the RFP.

The following process shall be followed for an RFP:

1. For contracts estimated to exceed the Tier III threshold annually:
 - a. In accordance with Board Policy 6320.02, the GSC shall review the summary scope of work to determine incentives to be applied under the supervision of Procurement Management Services for vendors certified by Business Access.
 - b. RFPs shall be noticed publicly to ensure open competition. A link to advertisements and notices shall be placed on the District's website accessible through a direct link from the homepage.

Additional emails may be sent to all vendors on the active vendor mailing list(s) per commodity code(s). This list shall include all Certified Business Enterprises identified by the Board in accordance with Policy 6320.02, for that particular category of goods or services, as well as

organizations involved in assisting Certified Business Enterprises. Notices of bids shall be advertised in one (1) or more major local newspapers or electronically posted at least seven (7) days prior to the bid opening date. This may include, as necessary, major newspapers having circulation representative of the various relevant minority classifications or electronic posting. Tabulations of current bids shall be retained in bid files and shall be available for reference. Standard bid forms used shall be those reviewed and approved by the Office of the General Counsel for the Board. All advertisements and public notices published on a website as provided in F.S. Chapter 50 must be in a searchable form and indicate the date on which the advertisement or public notice first appeared on the website. A public solicitation advertisement hosted on the District website must include a method to accept electronic solicitations.

The RFP shall be advertised to solicit maximum vendor participation. To enhance Certified Business Enterprise participation, advertisements may be published and announced in major publications that serve minority communities and shall be posted electronically.

2. The RFP shall include an implementation schedule consisting of the following:
 - a. GSC meetings;
 - b. mailing/posting date;
 - c. pre-proposal conference (if required);
 - d. opening date and time documented by bid opening minutes;
 - e. oral presentations (if required);
 - f. recommendation of award process and to the Board; and
 - g. award notification is provided to all awarded bidder(s).
3. The evaluation criteria shall include, but are not limited to:
 - a. technical qualifications and conformance to the proposal requirements experience;

- b. past performance;
- c. price considerations;
- d. Certified Business Enterprise participation; and
- e. other instructions specific to RFP.

C. Invitation to Negotiate

The Invitation to Negotiate (ITN) shall be used as a written solicitation for competitive sealed replies to select one or more vendors with which to commence negotiations for the procurement of commodities or contractual services. This method is used when the Board determines that negotiations may be necessary to receive the best value. The following non-exhaustive criteria may be used to determine if an ITN is the best procurement methodology:

1. The District cannot accurately and completely define the scope of work for the contract, which often occurs for acquisitions of rapidly changing technology, outsourcing, or complex services;
2. The goods or services can be provided in several different ways, any of which could be acceptable, which occurs for acquisition of emerging technologies or complex services;
3. Contractor qualifications and the quality of the goods or services to be delivered can be considered more important than the contract price;
4. The responses may contain innovative solutions that differ from what the District may have requested, and this process allows for those types of alternatives to be considered; and
5. The responses may contain a different level of goods or services than that requested, requiring the negotiation to reduce price or services to match.

ITNs shall follow the process noted above for RFPs.

D. Evaluation Committee Meetings for RFPs and ITNs Only

1. The committee shall consist of at least: two (2) individuals from the originating bureau; two (2) individuals from outside the requesting bureau; one (1) individual from Business Access; and one (1) individual from Procurement Management Services (non-voting). Additional members may be appointed at the discretion of the Chief Procurement Officer.

2. These meetings are subject to F.S. Chapter 286 except for meetings in which the vendors will be making oral presentations and answering questions as part of the solicitation process which shall be closed to the public in accordance with F.S. 286.0113(2)(b)(1).

E. Written or Electronic Quotations (Request for Quotes)

Where vendors are selected through the formal competitive solicitation process, if the District issues a request for quotes for contractual services for any contract with twenty-five (25) approved vendors or fewer, the District must issue a request for quotes to all vendors approved to provide such contractual services. For any contract with more than twenty-five (25) approved vendors, the District must issue a request for quotes to at least twenty-five (25) of the vendors approved to provide such contractual services. Use of a request for quotes does not constitute a decision or intended decision that is subject to protest under F.S. 120.57(3).

For each purchase within the Tier III threshold, staff shall obtain

written, telephone, or electronic quotations from three (3) or more sources. If possible, vendors contacted shall include businesses certified by Business Access. If only one (1) of the three (3) contacted sources respond with prices, two (2) additional sources, if available, may be contacted for pricing, including, if possible, businesses certified by Business Access. If no additional prices are obtained from those sources, the award shall be made to the vendor who submitted the lowest and best price quotation. If all three (3) of the vendors first contacted for prices respond with valid price quotations, the award shall be made to the vendor who submitted the lowest price quotation meeting the bid specifications, with no additional requests from other vendors required.

Quotations obtained shall be electronically attached to or included with the purchase order by written notations or electronic reference indicating quotation prices and sources, or certification by signature. The requisition shall be approved for purchase as authorized by the Superintendent. All internal fund purchases shall comply with Policy 6610.

F. Exceptional Purchases

All exceptional purchases must be made in accordance with Section II., above, and electronically posted in the manner prescribed by F.S. 120.57. All such purchases equal to or exceeding \$50,000 must be included in the Monthly Exemptions Report.

G. Development of Specifications, Determination of Quantities, and Standardization of Supplies and Equipment

1. To achieve both quality control and the price advantages of quantity purchasing, the administration shall:
 - a. establish specifications for goods and services as needed;
 - b. identify several existing, commercially available "standard brands" that meet the specifications acceptable as examples; and
 - c. invite vendors to bid on the standard brands identified or their equivalent.
2. All bid quantities and specifications shall be transmitted to Procurement Management Services by the originating department in writing. The originating department shall also certify to Procurement Management Services in writing that the specifications for an existing bid (to be rebid) are still appropriate before the bid is issued. Specifications originated by Procurement

Management Services shall follow similar certification procedures.

3. All increases to quantities specified in an existing term bid requiring a supplemental bid award shall be requested in writing by the originating department, countersigned by an administrator reporting directly to the Superintendent, and identifying the reason why the increase in quantities was unavoidable. If an adequate reason cannot be identified, then the corrective action to be taken by the originating department to prevent a future underestimate of quantities shall be described. A similar procedure will be followed for term bids originated by Procurement Management Services.
4. All changes to specifications for an existing bid (to be rebid) or similar bid shall be identified in writing, including the reason for the change, by the originating department or Procurement Management Services if it is the originator.
5. The Chief Procurement Officer of Procurement Management Services shall identify specifications which appear to limit the bidding process to a single vendor. If the Chief Procurement Officer has identified such a set of specifications, the originating department shall be required to justify in writing the specifications which appear to favor a single vendor. This documentation shall be countersigned by an administrator reporting directly to the Superintendent.

H. Federal Grants/Funds

Procurement of all supplies, materials, equipment, and services paid for from Federal funds or District matching funds shall be made in accordance with Board Policy 6320.07 and all applicable Federal, State, and local statutes and/or regulations, the terms and conditions of the Federal grant, Board policies, and administrative procedures.

The Superintendent shall have and use a procurement and contract administration system in accordance with the requirements of 2 C.F.R. 200.317-200.326 for the administration and management of Federal grants and Federally-funded programs. The District shall maintain oversight that requires contractors to perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. Except as otherwise noted, procurement transactions shall conform to the provisions of this policy.

The District shall take affirmative steps, in accordance with Federal regulations, to assure that firms certified pursuant to Board Policy 6320.02, and applicable labor surplus area firms, are used when possible.

The District shall comply with any limitations or exclusions set forth as cost principles in 2 C.F.R. Part 200 or in the terms and conditions of the Federal award.

I. Purchase Requisitions

District schools and departments shall initiate a properly executed purchase requisition, containing authorized approvals of the originating administrator, principal, or department head, for the purchase of any and all items, except where small purchases, transactions equal to or exceeding the Tier I purchasing threshold per requisition, and market difficulties make purchasing in this manner economically unsound. In those instances, District procedures to economically perform the purchasing function must be followed.

Split requisitions to bypass the procurement approval requirements and/or the bidding process are prohibited.

Requisitions must contain the appropriate authorized approvals as prescribed by administrative procedures for the SAP system, as well as documented procurement authority. Fully approved requisitions will be reviewed and approved by Procurement staff to ensure proper application of this policy and will be converted to approved purchase orders for release to the vendors.

J. Unauthorized Purchases

Unauthorized purchases, as defined in Section I., above, are not binding on the District. Payment for any unauthorized purchase may be the responsibility of the employee who made the purchase. Additional disciplinary action may be taken against the responsible employee.

For each suspected incident of an unauthorized purchase, Procurement staff will notify the employee(s) involved and request appropriate documentation to authorize or cancel the purchase and to ensure future compliance with this policy.

Chapter 120 and this

policy. Saturdays, Sundays, and State holidays shall be excluded in the computation of the seventy-two (72) hour time period under this paragraph.

4. Cone of Silence

The cone of silence applies to all competitive solicitations and is governed by Policy 6325, *Cone of Silence*, which provides that the cone of silence shall terminate when the Superintendent: (a) recommends an award or approves a contract; (b) rejects all bids or responses; or (c) takes any other action that ends the solicitation and review process. When a written notice of protest is filed with the Board Clerk, or an agenda item recommending a bid award has been withdrawn, the cone of silence shall be reinstated until one of these events occurs.

5. Resolving Protests

Bid protests shall be resolved in accordance with the procedures set forth in this policy, Policy 0133, *Quasi-Judicial Proceedings*, the requirements of F.S. 120.57(3), and applicable Florida Administrative Code rules.
