COMMITTEE: ACADEMICS, INNOVATION, EVALUATION AND TECHNOLOGY

LINK TO STRATEGIC PLAN: RELEVANT, RIGOROUS, AND INNOVATIVE ACADEMICS

Miami-Dade County Public Schools (M-DCPS) requires each school to formulate and execute a comprehensive School Improvement Plan (SIP) that delineates strategic initiatives and advances identified educational priorities aimed at addressing student academic outcomes.

The 2026-2027 School Improvement Plans (SIPs) were created through a collaborative process involving input from school stakeholders and district representatives. All plans were thoroughly reviewed at both regional and district levels. Schools designated as Comprehensive Support and Improvement (CSI) by the Florida Department of Education received additional approval from the State Regional Executive Director. The plans also received approval from each school's Educational Excellence School Advisory Council (EESAC). Implementation will be monitored at all levels throughout the school year.

The School Improvement Process will be implemented in seven phases throughout the school year, ensuring schools are continuously defining their current reality and developing meaningful action steps to address the Areas of Focus. The seven phases of the process are:

- **Phase I - Data Analysis and Planning:** July 6 - August 7, 2026
- **Phase II - Beginning-of-Year Implementation:** August 10 - September 25, 2026
- **Phase III - Beginning-of-Year Review and Reflect:** September 28 - October 9, 2026
- **Phase IV - Mid-Year Implementation:** October 12, 2026 - January 15, 2027
- **Phase V - Mid-Year Review and Reflect:** January 18- January 29, 2027

- **Phase VI - End-of-Year Implementation:** February 1 - May 21, 2027
- **Phase VII - End-of-Year Review and Reflect:** May 24- June 4, 2027
