SCHOOL OF HOPE PERFORMANCE-BASED AGREEMENT AMENDMENT

Pursuant to s.1002.333(4)(b), F.S., a school district shall enter into a performance-based agreement (“PBA”) with a Hope Operator to open schools to serve students from Persistently low-Performing Schools and students residing in a Florida Opportunity Zone. The persistently low-performing schools are based on the school accountability data available at the time of submission of the Notice of Intent (“NOI”). Pursuant to law and School Board Policy 9800, both parties must mutually agree to any amendments to a PBA prior to execution. As determined by the state’s model PBA, Schools of Hope (“SOHs”) are afforded the opportunity to serve students in grades not identified in their initial PBA and enroll students up to the maximum facility capacity with prior notice to the District. Furthermore, pursuant to the recent revision to Rule 6A-1.0998271, F.A.C. (“SOH Rule”), Hope Operators may request to occupy an underused, vacant, or surplus district facility through the submission of a SOH Building Notice.

The PBA amendment presented in this Board Item reflects the SOH Operator’s request to further amend the PBA to establish the official names and MSID numbers for its two campuses and expand its LEA designation.

ADDITIONAL CAMPUS

The School Board approved an amendment authorizing the addition of a second campus to be located at a District-owned facility. This amendment further implements the April 22, 2026 approval by establishing the official school names and corresponding Master School Identification (MSID) numbers for the two campuses: (1) KIPP Miami – North Campus (MSID 84-2332) and (2) KIPP Miami – Poinciana Campus (MSID 84-2008). KIPP Miami – Poinciana Campus will be the sole occupant of the District-owned facility pursuant to the consolidated Mutual Management Plan/Shared Facility Plan approved at the April 22, 2026 Board Meeting (Agenda Item F-5).

LEA STATUS

Additionally, the amendment reflects the expansion of the SOH nonprofit entity’s Local Education Agency (“LEA”) designation pursuant to s. 1002.333(6)(a), F.S. Although the non-profit entity has

operated as an LEA since August 12, 2020, solely for the purpose of receiving federal funds, this amendment expands the scope of that designation to include the direct reporting of student data to the Florida Department of Education (“FDOE”). The amendment further clarifies the respective roles and responsibilities of the SOH Operator and the District consistent with current statutory requirements, recognizing that additional guidance from the FDOE may further inform implementation. An overview of the proposed amendment is provided in Table 1 on page 2. The amended PBA is also accessible through the link on page 3 and is incorporated by reference into this Board Item.
