**BODY OF ITEM:**

Consistent with the Board's responsibility to review and amend policies to conform to legislative changes, State Board of Education rulemaking, and updated District practices, authorization is requested for the Superintendent to initiate rulemaking proceedings to amend School Board Policies 2450, *Adult, Postsecondary Career Technical and Community Education*, and 2271, *Dual Enrollment Programs*, and to amend Policy 5500, *Student Conduct and Discipline*, to repeal and replace the Postsecondary Code of Student Conduct the policy incorporates by reference.

Additional amendments to Policy 2271 are proposed to incorporate the requirements of § 1002.271, Florida Statutes. The Postsecondary Code of Student Conduct incorporated by reference in Policy 5500 would be replaced to better address program expectations, conduct requirements, and disciplinary procedures.

These policy amendments were drafted in collaboration with and reviewed by the Superintendent, Cabinet, and District staff. The Notice of Intended Action and policies with strikethroughs and underlines are attached.

## ~~III.~~IV. Financial Aid and Fee/Tuition Waivers

A. Financial Aid

A fee may be assessed to postsecondary adult vocational and adult secondary students to pay in full or in part, the fees of eligible postsecondary adult vocational certificate and adult secondary students with demonstrated financial need.

Each center will maintain documentation as required by State Board Rule.

Students in COE accredited centers when eligible may utilize financial aid from Federal or State assistance programs. Financial aid information is available through the area technical center counseling offices.

B. Fee/Tuition Waivers

Fee/Tuition waivers may be granted by the principal or designee when necessary to assure an education opportunity for students who have financial needs which cannot be met by existing sources of student financial aid and as authorized by law or rules of the State Board of Education. No fee waivers are allowed for students taking adult vocational classes for strictly personal or hobby use and students identified above. Each career center operated by a school district under F.S. 1001.44, and charter technical career center under F.S. 1002.34, shall waive the transcript fee for a person who is an active duty member or an honorably discharged veteran of the United States Armed Forces and his or her spouse and dependents.

School Operations will allocate such fee waivers as may be available based

upon need and requests of the various adult and area technical centers. Allocations will be made for each fiscal year and when depleted no additional waivers will be granted unless additional funds become available. Annual allocations may not exceed the maximum established annually in the General Appropriations Act.

Each center receiving a fee waiver allocation shall maintain complete documentation as required for each waiver issued.

C. Scholarships

The Board may establish scholarship funds using donations to help students who need financial assistance to pay fees, who are enrolled in adult secondary, adult life-long learning, and postsecondary adult vocational education programs.

D. Deferred Fees/Installment Payments

1. Deferred Fees

Fees for students qualifying for and receiving grants, loans, or scholarships or for whom fees are being paid on their behalf by an employer, association, or governmental agency may be deferred. Students for whom or from whom deferred fees have not been collected by the end of the trimester in which they registered will not be allowed to register for subsequent courses until all financial obligations have been met.

2. Installment Payments

Students in need of installment payments may pay fees for regular courses through an installment payment schedule if they register before the beginning of the course, before the trimester or within twenty-one (21) calendar days of the beginning of the term.

At least 1/3 of the fee must be paid at the time of registration. All fees must be paid no later than the end of the sixth week in the trimester. Fees must be paid in one lump sum when students register on or after twenty-two (22) calendar days after the course or trimester has begun.

## ~~IV.~~V. Disposition of Fees Collected

A. All tuition collected will be forwarded to Treasury Management.

B. All other monies collected at adult education centers shall be properly receipted and deposited directly into the center's internal funds.

## ~~V.~~VI. Community Based Non-Profit Organizations (CBOs), Public Agencies, and Private Businesses

The District may enter into affiliating agreements with community-based non-profit organizations (CBOs), public agencies, and private businesses that may wish to provide unique classroom or laboratory instruction that will significantly enhance the employment opportunities of students enrolled in these programs.

## ~~VI.~~VII. Veterans Benefits and Transition

The Board shall permit for the GI Bill and Vocational Rehabilitation and Employment Program beneficiaries to attend eligible education or training courses for up to ninety (90) days pending payment from the Veterans Administration (VA) for the course. To be eligible, the beneficiary must provide a certificate of eligibility for entitlement to educational assistance (valid/current VAF 28-1905) and written request to use the entitlement. Documentation must be submitted no later than the first day the course or training commences. The ninety (90) day period starts on the date when the District certifies tuition and fees following receipt of the required documents.

The District shall not impose a penalty, deny access to classes or facilities, or require the beneficiary to borrow additional funds to cover tuition and fees due to late payments for the VA. The State Approving Agency (SAA) or the VA may act to approve or disapprove certain courses or education, which may be subject to a waiver by the VA.

## ~~VII.~~VIII. Private Sector Instruction

Private businesses/agencies may request adult vocational or basic education classes that qualify for Workforce Development Education Funds but do not have sufficient enrollment to support the class/program. The District may cooperate with these businesses/agencies through an agreement approved by the Superintendent where the business/agency will pay the difference between projected workforce Development Education Funds earned and the actual program cost. All other fees applicable in this policy shall be contracted prior to the operation of such a class/program.

## ~~VIII.~~IX. Self-Supporting Classes

Students enrolling in non-reimbursed classes will pay a fee to cover the cost of instruction. The amount will be variable depending on the expense for offering the course. In all instances, the salaries, fringe benefits, and supplies furnished will be included in the costs.

The Superintendent shall develop and implement administrative procedures to make schools available to citizens of the District for these purposes and to implement this policy.

## X. **Student Supervision**

| Code | 2271 |

# 2271 - **DUAL ENROLLMENT PROGRAMS**

The Superintendent shall annually, or as stated in the Dual Enrollment ~~Articulation~~ Agreements, develop/revise ~~articulation~~ agreements jointly with postsecondary institutions to provide a comprehensive articulated acceleration program including, but not limited to, dual enrollment and early admission programs. Upon the recommendation of the Superintendent, the School Board will take action on the appropriate Dual Enrollment ~~Articulation~~ Agreements, provided that a dual enrollment agreement must be entered with a Florida College System (FCS) institution that has the capacity to offer dual enrollment courses. All dual enrollment courses and agreements must comply with F.S. 1007.271 and F.A.C. 6A-14.064.

Participation by secondary students in grades 6 through 12 who meet the State Board of Education's criteria may enroll in approved postsecondary programs while enrolled in the District. Students will be eligible to receive secondary credit for completing courses contained within the Statewide Course Numbering System. This credit may count toward graduation requirements. All parties should comply with the Dual Enrollment ~~Articulation~~ Agreements when making decisions about postsecondary enrollment.

Students who are eligible for dual enrollment pursuant to this section may enroll in dual enrollment courses conducted during school hours, after school hours, and during the summer term. Dual enrollment is a separate course that cannot be combined with any non-college credit high school course except as authorized by law or State Board rules.

## I. **Student Eligibility Requirements for College Credit Dual Enrollment Courses**

In addition to the requirements of F.S. 1007.271 and F.A.C. 6A-10.0246, students must meet the following academic requirements to enroll and continue enrollment in the program:

A. Initial enrollment:

1. a 3.0 unweighted high school grade point average; and

2. the minimum score on a common placement test adopted by the State Board of Education which indicates that the student is ready for college-level coursework.

B. Continued enrollment:

1. maintenance of a 3.0 unweighted high school grade point average; and

2. the minimum postsecondary grade point average established by the postsecondary institution.

The postsecondary institution conducting the course may impose additional rules and requirements.

## II. Eligibility Requirements for Career Certificate Courses

Student eligibility requirements for initial and continued enrollment in career certificate dual enrollment courses must include a 2.0 unweighted high school grade point average.

## III. Exceptions

Exceptions to the required grade point averages may be granted on an individual student basis if the educational entities agree and the terms of the agreement are contained within the Dual Enrollment ~~Articulation~~ Agreement.

Regardless of meeting student eligibility requirements for continued enrollment, a student may lose the opportunity to participate in a dual enrollment course if the student is disruptive to the learning process such that the progress of other students or the efficient administration of the course is hindered.

## IV. Tuition, Fees, and Instructional Materials

Students who participate in dual enrollment programs are exempt from the payment of registration, tuition, and laboratory fees. Instructional materials assigned for use within dual enrollment courses shall be made available to dual enrollment students free of charge.

## V. Student Supervision

Dual enrollment is a voluntary program hosted and supervised by postsecondary institutions, often conducted on the postsecondary institution's campus. Unless provided otherwise in the applicable agreement, student supervision is the sole responsibility of the postsecondary institution conducting the dual enrollment course.

## VI. **Administrative Procedures**

The Superintendent shall establish necessary administrative procedures to comply with State law that will be communicated to both students and parents of students under age eighteen (18).

## VII. **Grades and Transcripts**

The postsecondary education institution will assign a letter grade for the student's work in the course, and the District will be responsible for posting dual enrollment course grades as assigned by the postsecondary institution to the high school transcript. The District and Florida College System institutions must weigh dual enrollment courses the same as Advanced Placement (AP), International Baccalaureate (IB), and Advanced International Certificate of Education (AICE) courses when grade point averages are calculated. Alternative grade calculation systems, alternative grade weighting systems, and information regarding student education options that discriminate against dual enrollment courses are prohibited.
