School Board Policy 6334, *Florida State Statutes and State Requirements for Educational Facilities* – Section 4 (SREF) require school districts to prequalify construction services contractors for a one (1) year period or for a specific project prior to providing construction services to the school district.

The Office of Community Partnerships, Education & Business Access (CPEBA) and the Contractor Prequalification Review Committee (CPRC) facilitate compliance for Miami-Dade County Public Schools in accordance with SREF and all applicable School Board policies.

On Monday, October 19, 2026, CPEBA and CPRC evaluated and recommended Board approval of new applications.

RECOMMENDED: That The School Board of Miami-Dade County, Florida, approve the prequalification applications for educational facilities as listed in Attachment A.
