Acknowledgements

As in previous reports, the end-of-year Report (Report) 2009 required involvement and coordination among several District staff members, as well as interfacing with the application design consultant, Woolpert, Inc. The following staff members contributed to the formulation of the Report:

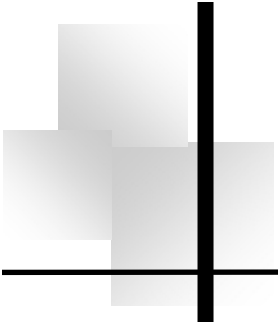

- **Systems & Programming Services**
 - Eugene Baker
 - Teresa Chau
 - Carlos Jordan
 - Julia L. Kelleher

- **Office of Treasury Management**
 - Leonardo Fernandez

- **Facilities Planning**
 - Ignacio Cano
 - Jenny E. Murillo
 - Melisa C. Orozco
 - Ivan M. Rodriguez
 - Vivian G. Villaamil

- **SCMS Design Consultant**
 - Juliana Castillo, Woolpert, Inc.

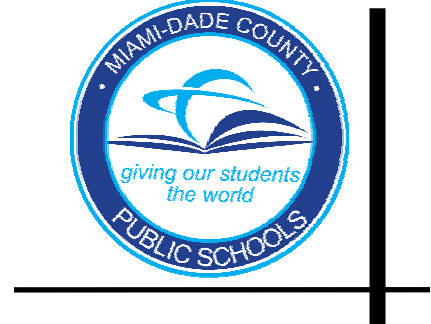

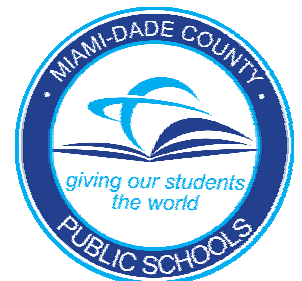

- **Local Governments** with concurrency applications this reporting period
 - City of Miami
 - City of Doral
 - City of Miami Beach
 - City of Coral Gables
 - City of Homestead
 - Town of Cutler Bay
 - City of North Miami
 - City of Miami Gardens
 - City of Sunny Isles Beach

INTRODUCTION

Public School Concurrency

Department of Planning, Design and Sustainability

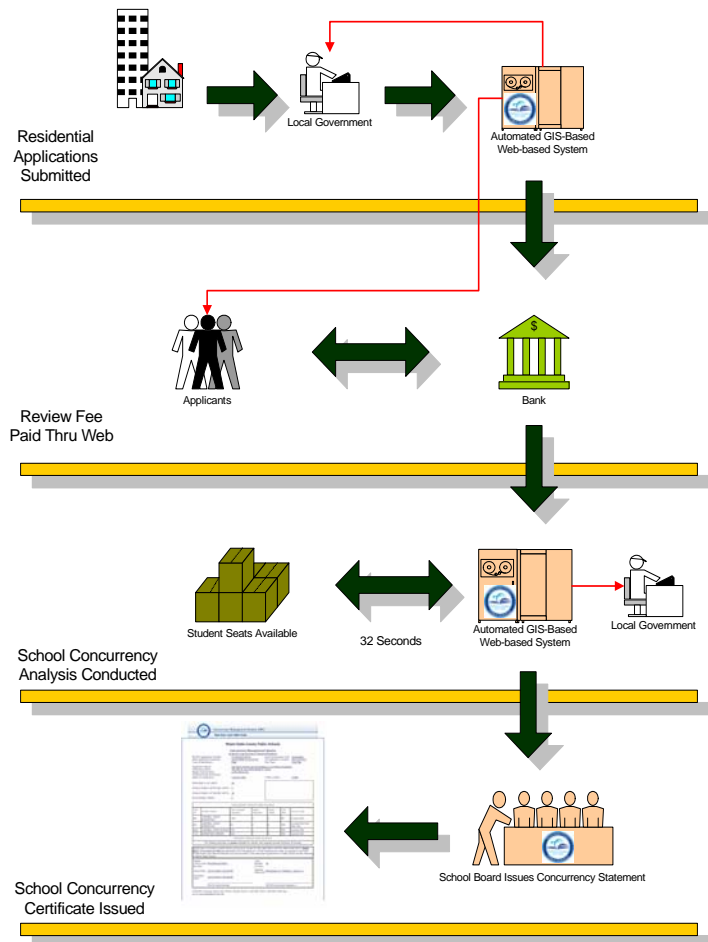

Public School Concurrency in Miami-Dade County is managed through a computerized web/GIS-based School Concurrency Management System (SCMS), which was launched on January 1, 2008, after an extensive period of testing and training. This yearend report has been prepared to document the transactions handled by the SCMS in 2009 and the process for uploading updated data as is required on a yearly basis.

School Concurrency Management System

The function of the SCMS is to process public school concurrency applications, to track available school capacity vis-à-vis the adopted Level of Service (LOS) standards within each Concurrency Service Area (CSA), and to issue school concurrency analysis or determinations, depending on the type of application received.

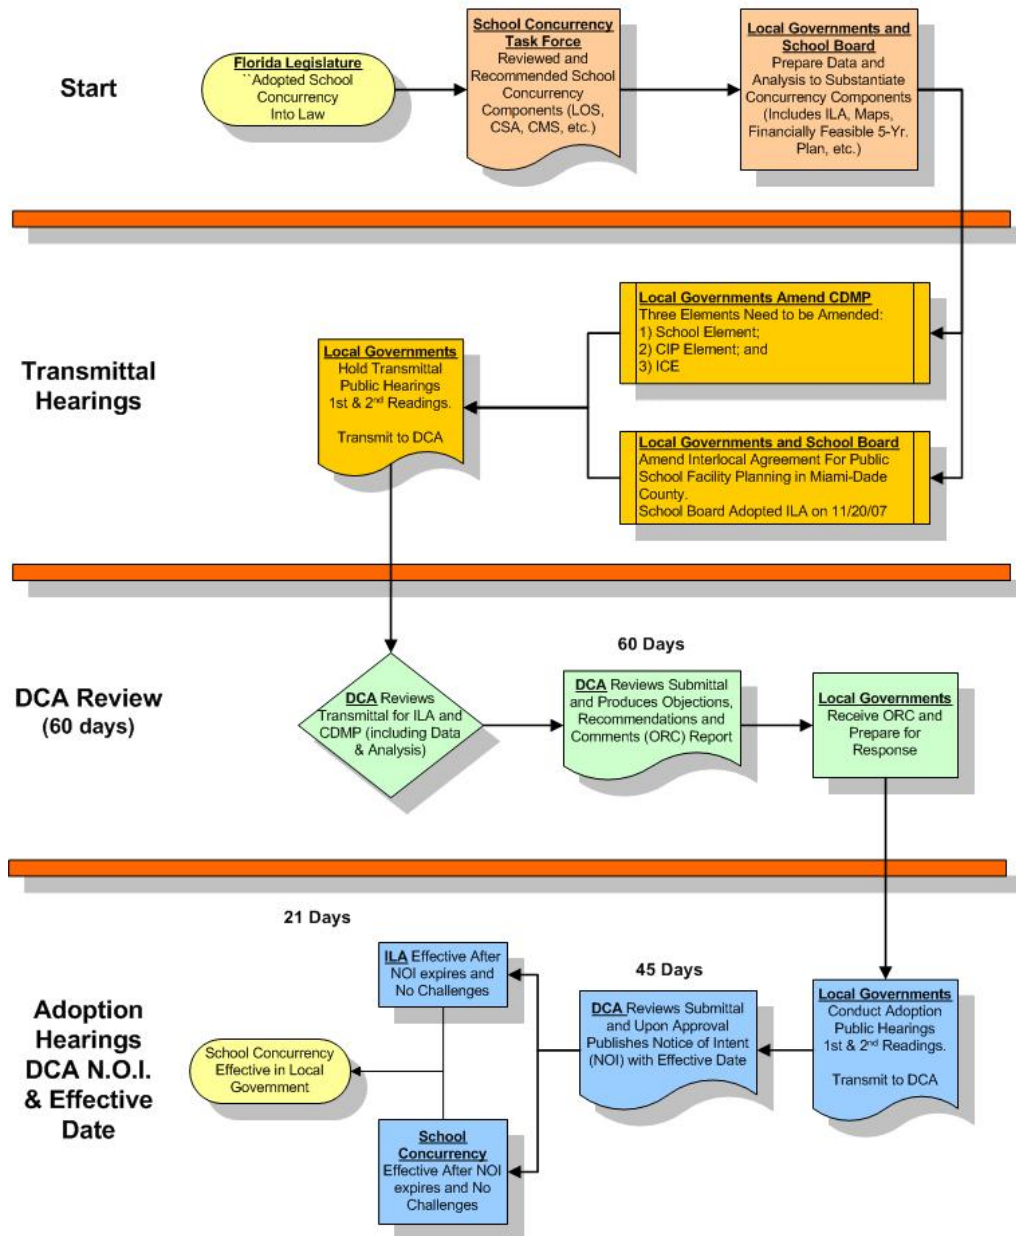

The SCMS is designed to receive residential applications via the web from local governments, through secure access. The SCMS interfaces with an automated web-based system for payment of application fees, and once payment is recorded, applications are then processed and a concurrency review or concurrency determination is issued.

Implementation of Public School Concurrency

At the conclusion of 2009, there were seven (7) non-exempt local governments yet to fully implement Public School Concurrency. Full implementation requires them to adopt an Interlocal Agreement, amend their Comprehensive Development Master Plan (CDMP) by adding a Public Schools Element, and amend their Capital Improvement and Intergovernmental Coordination Elements. The steps involved in this process are depicted in the flow chart below:

School Concurrency Approval Process Flow Chart

2009 Transactions

By yearend 2009, twenty (21) local governments had completed this process and were fully on board. In 2009 there were 197 applications submitted through the SCMS, only four of which were unprocessed by yearend due to nonpayment of the applicable review fee. These applications comprise 5,297 residential units and 1,827 total seats reserved (918 elementary school seats; 394 middle school seats; and 515 senior high school seats) for a one year period, with possible one year extensions up to a maximum of five additional years.

All 28 non-exempt local governments are expected to be fully on board for public school concurrency in 2010, and as such the number of residential applications processed through the SCMS is expected to increase.

Updating the SCMS for 2010

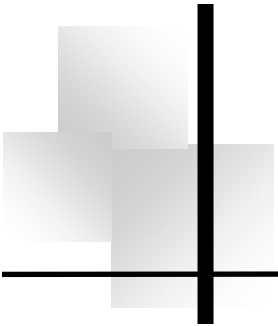

Pursuant to the Interlocal Agreement for Public School Facility Planning, the SCMS must be updated on a yearly basis to reflect among other items, current student enrollment and capacity, projects in the adopted 5-year Capital Plan and new CSA's as a result of new facilities opened that year (in this case 2009). As for the prior year's update the following information was submitted by the School District to the SCMS Consultant (Woolpert, Inc.) to update data the used by the SCMS in preparation for the processing of applications in 2010. It is worth noting that in 2009 a Testing Environment was created to test the new updated information prior to loading it the SCMS, thus eliminating the need to suspend the SCMS during this process.

1. **Net Available School Capacity** – the number of student stations resulting from updated student enrollment figures (October FTE), capacity updates to FISH, and student stations reserved by the SCMS in prior years (in this case 2008 and 2009) as a result of concurrency determinations;
2. **Capacity Projects** – Capital Projects in the first three years of the latest School Board adopted 5-year Capital Plan;

3. **Concurrency Service Areas (CSA's)** – The most current information on School Attendance Boundaries as approved by the School Board;
4. **Impact Reduction Multipliers** – Percentage of Charter Schools and K-12 Magnet School students attending these type of schools (October FTE) vis-à-vis the entire K-12 public school population;
5. **School Type Multipliers** – Percentage of K-12 students enrolled at each of the three levels: elementary, middle and senior high schools (October FTE's); and
6. **GIS Layers** – Most current information on: Miami-Dade County Parcel Layer; Geographic Areas; Minor Statistical Areas; Municipalities School Locations Layer; and Attendance Boundaries Layers for all school levels.

This 2009 yearend Report includes the sections listed below as well as applicable business rules and protocols:

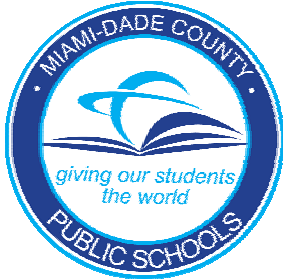

1. Updating SCMS for 2010
2. 2009 SCMS Transaction Report
3. Applications Received and Processed – SCMS Transaction Report
4. Financial Reconciliation Report; and
5. Plan of Action for preparing 2010 Yearend Report

UPDATING SCMS FOR 2010

Public School Concurrency

Department of Planning, Design and Sustainability

The SCMS utilizes data and information that is updated yearly, such as Net Available School Capacity (current and in first three years of adopted 5-year Plan); School Concurrency Service Areas (CSA); Charter Schools and Magnet Schools vis-à-vis total enrollment; GIS layers and associated data tables reflecting Parcel Properties, Geographic Areas, Minor Statistical Areas, Municipality boundaries, school locations; and attendance boundaries.

Included within this section (as attachments) are the detailed analysis for each of the elements as well as the supporting worksheets, tables and other related information used to update the SCMS:

1. **Projects Proposed to Open or be Under Construction Thru 6/2012** – This worksheet details the process utilized when determining the available capacity in 2010 due to projects proposed to open or be under construction within the first three years of the School District's latest adopted 5-year Capital Plan (See Attachment "A")
2. **Determining Net Available Capacity** – This worksheet details the process utilized to determine Net Available Capacity for 2010 at each of the CSA (See Attachment "B")
3. **Net Available Capacity and 5-year Plan Capacity by CSA** – This is the data table submitted to the Consultant to be utilized in 2010. The capacity reflected in this table is the outcome of worksheets identified in 1 and 2 above (See Attachment "C")
4. **School Type Multipliers** – This worksheet details the process utilized for determining the percent of students attending each of the school levels (elementary, middle and senior) (See Attachment "D")

5. **Impact Reduction for Charter and Magnet Schools** – This worksheet details the process utilized for determining the school impact reduction to be credited from percent of students enrolled in Charter Schools and Magnet Schools (district-wide attendance boundaries) when compared to the total District-wide student enrollment (See Attachment “E”)

6. **Updated GIS Layers** – The updated GIS layers that were made accessible to the Consultant include:
 - Miami-Dade County Parcel Property Layer (Polygon)
 - Elementary School Attendance Boundary (Polygon)
 - Middle School Attendance Boundary (Polygon)
 - Senior High School Attendance Boundary (Polygon)
 - Pre-K School Attendance Boundary (Polygon) – Not part of SCMS
 - Geographic Areas (Polygon) Minor Statistical Areas (Polygon)
 - School Locations (Point). Duplicate school location points were added for those schools where their CSA are split into two or more non-contiguous areas
 - Street Network (Line)
 - Miami-Dade County Municipalities (Polygon)

7. **List of Schools with Boundaries Particulars** – This data table lists those schools that share boundaries with other schools; K-8 Center(s) with boundaries in a Middle School layer; and K-8 Center(s) with no boundaries in a Middle School layer; It also lists exceptions (See Attachment “F”)

8. **Concurrency Service Areas** – This table lists the CSA identification number along with the name of each school (See Attachment “G”)

DETERMINING NET AVAILABLE CAPACITY

Public School Concurrency

Department of Planning, Design and Sustainability

Determining Net Available Capacity for 2010

Capacity and student enrollment numbers are updated once a year in October. The SCMS is therefore updated based on updates in the Florida Inventory of School Houses (FISH) and the official October Full Time Equivalent (FTE). The process explained below details how Net Available Capacity for each CSA has been determined for 2010, which is being utilized by the SCMS when processing applications in 2010.

The protocol for determining Net Available Capacity in 2010 is as follows:

1. **Obtaining Student Enrollment - FTE** - Student Enrollment is obtained directly from the October 2009 FTE Report as reported by the District and approved by the Florida Department of Education.
2. **Determining Total Capacity - FISH** - Total Capacity (Permanent and Relocatable) is obtained by multiplying the number of student stations, as reported in FISH, by the Utilization Factor Percentage established by the State Requirements for Educational Facilities (SREF), section 6.1.
3. **Determining Net Available Capacity** - Net Available Capacity is obtained by subtracting Student Enrollment (FTE) from Total Capacity (FISH). The attached worksheet details the data utilized in determining Net Available Capacity in 2010 along with the formulas used to verify its results. Thus, net Available Capacity in 2010 would be equal to available capacity in 2010 less the number of seats reserved for applications processed through the SCMS in 2008 and 2009, except that seats reserved for Building Permit applications in 2008 were released pursuant to established protocols. The protocol for reservation of seats for Building Permit applications calls for carrying the reserved seats for only one year period. In cases where available capacity is sufficient to remove relocatable capacity, then permanent capacity is utilized.

4. **Verifying Net Available Capacity** – Two verification measures were developed via mathematical formulas to verify Net Available Capacity obtained in 3 above :

Given:

- A** = Available Capacity in 2008
B = Reserved Seats in 2009 from Available Capacity
C = Available Capacity in 2010
D = Net Available Capacity for 2010
W = Reserved Seats in 2008 from Available Capacity
Z = Building Permit Reserved Seats Released in 2010
K = Changes between 2009 and 2008 FTE
L = Changes between 2009 and 2008 Permanent Capacity
M = Changes between 2009 and 2008 Relocatable Capacity

First Verification Formula:

- X** = (A-B)
Y = (C-A)
D = (X+Y-W-Z) – The resultant must equal **T** Below

Second Verification Formula

- T** = A-K+L-W-B-F (If relocatables were removed) – The resultant must equal **D** Above

LIST OF SCHOOLS WITH BOUNDARIES PARTICULARS

Public School Concurrency

Department of Planning, Design and Sustainability

LIST OF SCHOOLS WITH BOUNDARIES PARTICULARS - 2009

LIST OF SCHOOLS SHARING BOUNDARIES

- Broadmoor El (CSA)/ W. Little River El
- Melrose El (CSA)/ Earlington Heights El
- Maya Angelou El (CSA)/ Comstock El, Kelsey Pharr El
- Sunset El (CSA) / George Carver El, Coral Gables El
- Riverside El (CSA) / Frederick Douglass El
- Lenora B. Smith El (CSA) / Santa Clara El

K-8 CENTERS WITH NO BOUNDARIES IN THE MIDDLE LAYER

The middle component will be added to the parent school.

(Bold) – Parent school

- Ada Merritt K-8 Center **(Magnet School)**
- Aventura Waterways K-8 Center **(Highland Oaks Middle)**
- Bob Graham Education Center **(Miami Lakes Middle)**
- Coconut Palm K-8 Academy **(Redland Middle)**
- Coral Way K-8 Center **(Shenandoah Middle)**
- David Lawrence K-8 Center **(John F. Kennedy Middle)**
- Devon Aire K-8 Center **(Arvida Middle)**
- Dr. Rolando Espinosa K-8 Center **(Doral Middle)**
- Eugenia B. Thomas K-8 Center **(Doral Middle)**
- Everglades K-8 Center **(Rockway Middle)**
- Feinberg/Fisher K-8 Center **(Nautilus Middle)**
- Frank C. Martin K-8 Center **(Arvida Middle)**
- Gateway Environmental K-8 Learning Center **(Campbell Drive Middle)**
- Jane Roberts K-8 Center **(Howard Doolin Middle)**
- Kenwood K-8 Center **(Glades Middle)**
- Key Biscayne K-8 Center **(Ponce de Leon Middle)**
- Leewood K-8 Center **(Palmetto Middle)**
- Leisure City K-8 Center **(Campbell Drive Middle)**
- Linda Lentin K-8 Center **(North Miami Middle)**
- M.A. Milam K-8 Center **(Palm Springs Middle)**
- Mandarin Lakes K-8 Academy **(Centennial Middle)**
- Miami Lakes K-8 Center **(Miami Lakes Middle)**
- Ruth K. Broad K-8 Center **(Nautilus Middle)**
- South Miami K-8 Center **(South Miami Middle)**
- Sunny Isles Beach Community School **(Highland Oaks Middle)**

- Vineland K-8 Center (**Palmetto Middle**)
- Winston Park K-8 Center (**Howard McMillam Middle**)

Note: As of this year, the elementary schools boundary layer will include the boundary for all K-8 Centers. There is no K-8 boundary reflected in the middle schools boundary layer.

EXCEPTION:

- South Dade Middle (4-8 School) - 4 & 5 grd students will be evenly divided between Avocado and Redondo El. 6-8 grade students will stay at South Dade Middle.
The capacity of the school (South Dade Middle) will be divided according to the % of students in El (541/1477=37% for elem) and 63% for middle.

	ENROLL	PERM CAP
SOUTH DADE MIDDLE	1457	1477
SOUTH DADE MID (4-5)	541	$1477 * 0.37 = 546$
SOUTH DADE MID (6-8)	916	$1477 * 0.63 = 930$

DISTRIBUTION OF STUDENTS AND CAPACITY FROM SOUTH DADE MID (ELEM COMP):

541 Students divided evenly – 271 to Avocado El and 270 to Redondo El

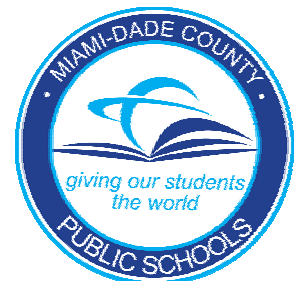

546 Elementary Capacity divided evenly - 273 to Avocado El and 273 to Redondo El

	ENROLL	PERM CAP	RELO CAP	TOTAL CAP
Avocado El	$667 + 271 = 938$	$869 + 273 = 1142$	66	1208
Redondo El	$704 + 270 = 974$	$749 + 273 = 1022$	40	1062

Department of Planning, Design and Sustainability

2009 SCMS Transaction Report

This section depicts all the transactions submitted and process through the SCMS in 2009 starting from January 16, 2009 (date SCMS starting using the updated 2009 data) thru December 10, 2009. The information provided in this section is as follows:

1. A screenshot of the Administrative Matrix Review, indicating the number of applications at each category as of December 10, 2009
2. A report detailing each transaction processed by the SCMS, sorted by CSA depicting the impact of each application on capacity availability.
3. Application analysis detail for each processed application for each review category (Public Hearing, Site Plan, Plat and Building Permit)
4. Letters and Certificates issued by the School District during the 2009 period
5. Log of Certificate Extensions

Miami, FL 33128

**RE: PRELIMINARY CONCURRENCY ANALYSIS
GATEHOUSE GROUP / JIM KONINGISOR**

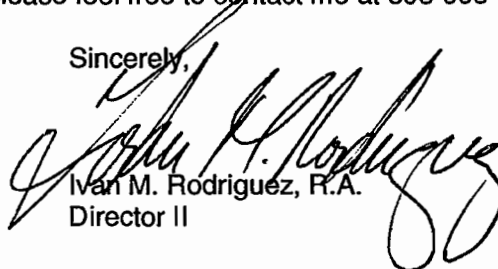

Dear Mr. Koningisor:

Pursuant to State Statutes and the 2008 Amended and Restated Interlocal Agreement for Public School Facility Planning, the above-referenced residential development application was reviewed for compliance with Public School Concurrency at the zoning phase. Accordingly, attached please find the School District's Preliminary Concurrency Analysis.

As noted in the Preliminary Concurrency Analysis, the requested zoning would yield a maximum residential density of 306 multifamily units, which generates 164 students; 77 elementary, 38 middle, and 49 senior high students. At this time, the schools serving the area have sufficient capacity available to service the application. However, a final determination of Public School Concurrency and capacity reservation will only be made at the time of approval of final plat, site plan or functional equivalent. **AS SUCH, THIS ANALYSIS DOES NOT CONSTITUTE A PUBLIC SCHOOL CONCURRENCY APPROVAL.**

Should you have any questions, please feel free to contact me at 305-995-4501.

Sincerely,

Ivan M. Rodriguez, R.A.
Director II

RE: PUBLIC SCHOOL CONCURRENCY PRELIMINARY ANALYSIS
Land Use Amendments – April 2009 Cycle – Applications No. 1, 3 and 4

Dear Mr. LaFerrier:

As requested, the School District has performed a courtesy review of the above-referenced applications which have the potential for future residential development and may impact the public schools serving the area. Application 2 does not propose an increase in residential development from its current land use designation. Land use amendments 5, 6 and 7 do not have any residential components.

The review was performed utilizing the computerized GIS-based School Concurrency Management System (SCMS), as such please find attached the School District's Preliminary Concurrency Analysis (Analysis) for each of the three applications. As noted in the attached Analysis, the applications were analyzed to identify capacity at the affected Concurrency Service Areas (CSA) and if capacity was not available the SCMS then identified capacity generated by projects listed in the first three years of the District's Five-Year Capital Plan. If capacity was still not identified the SCMS then identified capacity available from each adjacent CSA. At this time, all the schools serving the area have sufficient capacity available to service each of the three applications. However, a final determination of Public School Concurrency and capacity reservation will only be made at the time of approval of final plat, site plan or functional equivalent. **AS SUCH, THIS ANALYSIS DOES NOT CONSTITUTE A PUBLIC SCHOOL CONCURRENCY APPROVAL.**

Should you have any questions, please feel free to contact me at 305-995-7287.

Sincerely,

Ivan M. Rodriguez, R.A.
Director II

**RE: PUBLIC SCHOOL CONCURRENCY PRELIMINARY ANALYSIS
HASRED, INC. - FOLIO No. 014104 0230500
PH0109072200142**

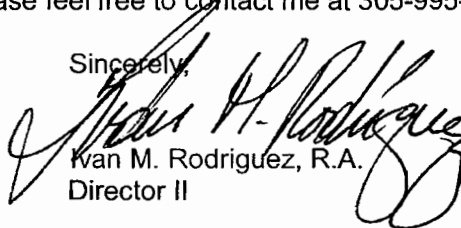

Dear Applicant:

Pursuant to State Statutes and the 2008 Amended and Restated Interlocal Agreement for Public School Facility Planning, the above-referenced application was reviewed for compliance with Public School Concurrency. Accordingly, attached please find the School District's Preliminary Concurrency Analysis (Analysis).

As noted in the Preliminary Concurrency Analysis, the requested zoning would yield a maximum residential density of 48 multifamily units, which generates 11 students; 5 elementary, 3 middle, and 3 senior high students. At this time, the schools serving the area have sufficient capacity available to service the application. However, a final determination of Public School Concurrency and capacity reservation will only be made at the time of approval of final plat, site plan or functional equivalent. **AS SUCH, THIS ANALYSIS DOES NOT CONSTITUTE A PUBLIC SCHOOL CONCURRENCY APPROVAL.**

Should you have any questions, please feel free to contact me at 305-995-4501.

Sincerely,

**RE: PUBLIC SCHOOL CONCURRENCY PRELIMINARY ANALYSIS
RMM PROPERTIES LTD. C/O ESTRELLITA SIBILA
FOLIO No. 0141050480030**

Dear Applicant:

Pursuant to State Statutes and the 2008 Amended and Restated Interlocal Agreement for Public School Facility Planning, the above-referenced application was reviewed for compliance with Public School Concurrency. Accordingly, attached please find the School District's Preliminary Concurrency Analysis (Analysis).

As noted in the Preliminary Concurrency Analysis, the requested zoning designation would yield a maximum residential density of 19 dwelling units, which generates 4 students; 2 elementary, 1 middle, and 1 senior high students. At this time, the schools serving the area have sufficient capacity available to service the application. However, a final determination of Public School Concurrency and capacity reservation will only be made at the time of approval of final plat, site plan or functional equivalent. **AS SUCH, THIS ANALYSIS DOES NOT CONSTITUTE A PUBLIC SCHOOL CONCURRENCY APPROVAL.**

Should you have any questions, please feel free to contact me at 305-995-4501.

Sincerely,

Wan M. Rodriguez, R.A.
Director II

Dear Applicant:

Pursuant to State Statutes and the Consensus and Revised Bilateral Interlocal Agreement for Public School Facility Planning, the above-referenced application was reviewed for compliance with Public School Concurrency. Accordingly, attached please find the School District's Preliminary Concurrency Analysis (Analysis).

As noted in the Preliminary Concurrency Analysis, the requested zoning designation would yield a maximum residential density of 112 dwelling units, which generates 27 students; 13 elementary, 6 middle and 8 senior high students. At this time, the schools serving the area have sufficient capacity available to service the application. However, a final determination of Public School Concurrency and capacity reservation will only be made at the time of approval of final plat, site plan or functional equivalent. **AS SUCH, THIS ANALYSIS DOES NOT CONSTITUTE A PUBLIC SCHOOL CONCURRENCY APPROVAL.**

**RE: PUBLIC SCHOOL CONCURRENCY DETERMINATION
Bell Isle Apartments**

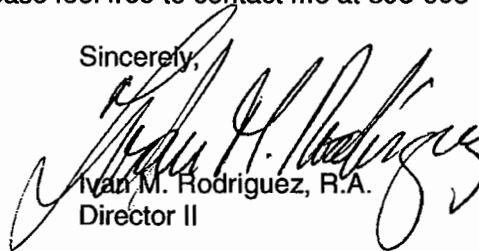

Dear Applicant:

Pursuant to State Statutes and the 2008 Amended and Restated Interlocal Agreement for Public School Facility Planning, the above-referenced residential development application was reviewed for compliance with Public School Concurrency. Accordingly, attached please find the School District's Concurrency Determination Analysis. As you will note, the applicable Level of Service (LOS) standards of 100% Florida Inventory of School Housing (FISH) have been met at the three school levels and as such, capacity has been reserved for a one year period, under Master Concurrency Number **MA0209012000071**.

The reservation term will expire on **January 29, 2010** and may be extended for a maximum of five (5) one-year intervals, for a total school concurrency reservation period of six years. Extensions may be requested 120 days prior to the expiration date, via email address concurrency@dadeschools.net. Extensions will be granted, upon payment of the corresponding review fee and acknowledgement from the local government. However, the reservation period may not exceed the term of the development approval issued by the City of Miami Beach.

Should you have any questions, please feel free to contact me at 305-995-4501.

Sincerely,

**RE: PUBLIC SCHOOL CONCURRENCY DETERMINATION
SAN REMO HOMES AT FLORIDA CITY, LLC C/O MARCO ROMAGNOLY
Folio No. 1079190010060**

Dear Applicant:

Pursuant to State Statutes and the 2008 Amended and Restated Interlocal Agreement for Public School Facility Planning (Consensus ILA), the above-referenced residential development application was reviewed for compliance with Public School Concurrency back in January 27, 2009. As you well know, the results of the review were placed on hold until the issue of a voluntary proffer made under the old School Board policy F-7 was resolved. After discussing the matter with the applicant's legal representative (Mr. Juan Mayol, Esq.) the School District recognized that this application cannot be considered vested and decided to remove the hold and release the results of the review. Accordingly, attached please find the School District's Concurrency Determination Analysis. As you will note, the applicable Level of Service (LOS) standards of 100% Florida Inventory of School Housing (FISH) have been met at the three school levels and as such, capacity has been reserved for a one year period, under Master Concurrency Number **MA1009012200073**.

The reservation term will expire on January 27, 2010 and may be extended for a maximum of five (5) one-year intervals, for a total school concurrency reservation period of six years. Extensions may be requested 120 days prior to the expiration date, via email address concurrency@dadeschools.net. Extensions will be granted, upon payment of the corresponding review fee and acknowledgement from the local government. However, the reservation period may not exceed the term of the development approval issued by the City of Homestead.

Should you have any questions, please feel free to contact me at 305-995-4501.

Sincerely,

Ivan M. Rodriguez, P.A.
Director II

**RE: PUBLIC SCHOOL CONCURRENCY DETERMINATION
V DOWNTOWN SUBDIVISION**

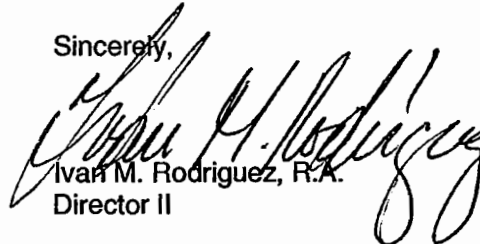

Dear Applicant:

Pursuant to State Statutes and the 2008 Amended and Restated Interlocal Agreement for Public School Facility Planning, the above-referenced residential development application was reviewed for compliance with Public School Concurrency (PT0109022400098). The applicable Level of Service (LOS) standards of 100% Florida Inventory of School Housing (FISH) have not been impacted since no new residential units will be built as a result of the application.

Therefore, the application has complied with the requirements of public school concurrency and no further action is required at this time.

Should you have any questions, please feel free to contact me at 305-995-7287.

Sincerely,

Ivan M. Rodriguez, R.A.

**RE: GRACELAND ESTATES – FOLIO No. 1079080000570 (T-Plat No. 22683)
CITY OF HOMESTEAD APPLICATION 2003-25A**

Dear Applicant:

Pursuant to State Statutes and the 2008 Amended and Restated Interlocal Agreement for Public School Facility Planning, the above-referenced application was reviewed for compliance with Public School Concurrency (PT1009031800103). This letter confirms that this application is vested as it relates to public school concurrency requirements. However, the School Concurrency Determination Certificate (Certificate) identifying the application as vested will not be provided at this time for the reason stated below.

The referenced application was previously reviewed under the 2003 Interlocal Agreement for Public School Facility Planning, under the name of Elite Construction and Development, Inc. No. 2003-25A (applicant). Pursuant to the School Board's voluntary mitigation procedures approved at its April 13, 2005 meeting, the applicant proffered a Declaration of Restrictions (Covenant) to the School Board providing a monetary donation over and above educational facilities impact fees in the amount of \$67,200, based on the proposed density of 74 residential dwelling units, which was approved by the School Board at its meeting of June 15, 2005. The School District is one of the sign-offs required prior to obtaining Final Plat. Therefore, upon payment of the entire monetary donation we will immediately issue the Certificate (with vested status) and will sign on the final plat, at the appropriate time.

Should you have any questions, please feel free to contact me at 305-995-4501.

Sincerely,

Ivan M. Rodriguez, R.A.

RE: PUBLIC SCHOOL CONCURRENCY DETERMINATION
Forest at Saga Bay T-22762 (aka Saga Bay Development, Inc. No. 96-549)

Dear Applicant:

The above-referenced residential development application was recently reviewed for compliance with Public School Concurrency, resulting in the issuance of a Master Concurrency Number (MA3608112000046) back in November 24, 2008.

Upon further review of the T-Plat application (T-22762), it was found that this application had previously mitigated the impact of its development on the public schools serving the area by proffering a Declaration of Restriction in favor of the School Board (Covenant) for a monetary donation of \$100,000. The Covenant, which was executed and recorded on October 10, 2003 (CFN 2003R0740250) stipulates that the total contribution shall be paid in one payment becoming due prior to final plat approval. Therefore, and pursuant to Article 9.4 of the Amended and Restated Interlocal Agreement for Public School Facility Planning, this residential application is vested from the requirements of Public School Concurrency. Thus, the previously issued Concurrency Determination Certificate (Master Concurrency Number MA3608112000046), is hereby rescinded effective immediately.

Additionally, as you may know, the School District is one of the sign-offs required prior to obtaining Final Plat. Therefore, upon payment of the entire monetary donation we will immediately issue a new School Concurrency Certificate (with vested status) and will sign on the final plat, at the appropriate time.

Should you have any questions, please feel free to contact me at 305-995-4501.

Sincerely,

Ivan M. Rodriguez, R.A.

**RE: PUBLIC SCHOOL CONCURRENCY DETERMINATION
Forest at Saga Bay T-22762**

Dear Applicant:

Pursuant to State Statutes and the 2008 Amended and Related Interlocal Agreement for Public School Facility Planning, the above referenced residential development application was reviewed for compliance with Public School Concurrency. Accordingly, attached please find the School District's Concurrency Determination Analysis. As you will note, the applicable Level of Service (LOS) standards of 100% Florida Inventory of School Housing (FISH) have been met at school levels and as such, capacity has been reserved for a one year period, under Master Concurrency Number MA3608112000046.

The reservation term will expire on November 21, 2009 and may be extended for a maximum of five (5) one-year intervals, for a total school concurrency reservation period of six years. Extensions may be requested 120 days prior to the expiration date, via email address concurrency@dadeschools.net. Extensions will be granted, upon payment of the corresponding review fee and acknowledgement from the local government. However, the reservation period may not exceed the term of the development approval issued by the Town of Cutler Bay.

Should you have any questions, please feel free to contact me at 305-995-4501.

Sincerely,

The reservation term will expire on April 28, 2010 and may be extended for a maximum of five (5) one-year intervals, for a total school concurrency reservation period of six years. Extensions may be requested 120 days prior to the expiration date, via email address concurrency@dadeschools.net. Extensions will be granted, upon payment of the corresponding review fee and acknowledgement from the local government. However, the reservation period may not exceed the term of the development approval issued by the City of Miami.

Should you have any questions, please feel free to contact me at 305-995-4501.

Sincerely,

**RE: PUBLIC SCHOOL CONCURRENCY DETERMINATION
LYRIC SUBDIVISION T-22264
FOLIO No. 0101030601130 – 829 NW 2 AVENUE, MIAMI**

Dear Applicant:

Pursuant to State Statutes and the 2008 Amended and Restated Interlocal Agreement for Public School Facility Planning, the above-referenced residential development application was reviewed for compliance with Public School Concurrency (PT0109042900117). The applicable Level of Service (LOS) standards of 100% Florida Inventory of School Housing (FISH) have not been impacted since no new residential units will be built as a result of the application.

Therefore, the application has complied with the requirements of public school concurrency and no further action is required at this time.

Should you have any questions, please feel free to contact me at 305-995-4501.

Sincerely,

Ivan M. Rodriguez, R.A.

**RE: PUBLIC SCHOOL CONCURRENCY DETERMINATION
1800 LEJEUNE ROAD (PILAFIAN PROPERTIES) Plat T-23058
Folio No. 0341080030920**

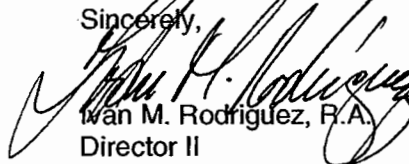

Dear Applicant:

Pursuant to State Statutes and the 2008 Amended and Restated Interlocal Agreement for Public School Facility Planning, the above-referenced residential development application was reviewed for compliance with Public School Concurrency. Accordingly, attached please find the School District's Concurrency Determination Analysis. As you will note, the applicable Level of Service (LOS) standards of 100% Florida Inventory of School Housing (FISH) have been met at the three school levels and as such, capacity has been reserved for a one year period, under Master Concurrency Number **MA0309052900129**.

The reservation term will expire on June 4, 2010 and may be extended for a maximum of five (5) one-year intervals, for a total school concurrency reservation period of six years. Extensions may be requested 120 days prior to the expiration date, via email address concurrency@dadeschools.net. Extensions will be granted, upon payment of the corresponding review fee and acknowledgement from the local government. However, the reservation period may not exceed the term of the development approval issued by the City of Coral Gables.

Should you have any questions, please feel free to contact me at 305-995-4501.

Sincerely,

Ivan M. Rodriguez, R.A.

**RE: PUBLIC SCHOOL CONCURRENCY DETERMINATION
EXPERTS VILLAGE (T-23071)
Folio No. 3421100020110**

Dear Applicant:

Pursuant to State Statutes and the 2008 Amended and Restated Interlocal Agreement for Public School Facility Planning, the above-referenced residential development application was reviewed for compliance with Public School Concurrency. Accordingly, attached please find the School District's Concurrency Determination Analysis. As you will note, the applicable Level of Service (LOS) standards of 100% Florida Inventory of School Housing (FISH) have been met at the three school levels and as such, capacity has been reserved for a one year period, under Master Concurrency Number **MA3409080500147**.

The reservation term will expire on August 6, 2010 and may be extended for a maximum of five (5) one-year intervals, for a total school concurrency reservation period of six years. Extensions may be requested 120 days prior to the expiration date, via email address concurrency@dadeschools.net. Extensions will be granted, upon payment of the corresponding review fee and acknowledgement from the local government. However, the reservation period may not exceed the term of the development approval issued by the City of Miami Gardens.

Should you have any questions, please feel free to contact me at 305-995-4501.

Sincerely,

Ivan M. Rodriguez, R.A.
Director II

*An Impact reduction of 11.84% included for charter and magnet schools (Schools of Choice).						

MDCPS has conducted a public school concurrency review for this application and has determined that it is **(Vested)**.
 This application is considered vested and therefore exempt from the requirements of public school concurrency because of one of the following conditions applies:
 1) the development has a valid, unexpired site plan or final plat or functional equivalent, as of December 31, 2007;
 2) the development had an executed and recorded covenant and/or provided monetary mitigation payments, as of December 31, 2007, under the School Board's previous voluntary mitigation procedures; or
 3) the development is a Development of Regional Impact for which a development order was issued, pursuant to Chapter 380, Florida Statutes, prior to July 1, 2005 or for which an application was submitted prior to May 1, 2005.

*An Impact reduction of 11.84% included for charter and magnet schools (Schools of Choice).						

MDCPS has conducted a public school concurrency review for this application and has determined that it is **(Vested)**.
 This application is considered vested and therefore exempt from the requirements of public school concurrency because of one of the following conditions applies:
 1) the development has a valid, unexpired site plan or final plat or functional equivalent, as of December 31, 2007;
 2) the development had an executed and recorded covenant and/or provided monetary mitigation payments, as of December 31, 2007, under the School Board's previous voluntary mitigation procedures; or
 3) the development is a Development of Regional Impact for which a development order was issued, pursuant to Chapter 380, Florida Statutes, prior to July 1, 2005 or for which an application was submitted prior to May 1, 2005.

MDCPS has conducted a public school concurrency review for this application and has determined that it is **(Vested)**.
 This application is considered vested and therefore exempt from the requirements of public school concurrency because of one of the following conditions applies:
 1) the development has a valid, unexpired site plan or final plat or functional equivalent, as of December 31, 2007;
 2) the development had an executed and recorded covenant and/or provided monetary mitigation payments, as of December 31, 2007, under the School Board's previous voluntary mitigation procedures; or
 3) the development is a Development of Regional Impact for which a development order was issued, pursuant to Chapter 380, Florida Statutes, prior to July 1, 2005 or for which an application was submitted prior to May 1, 2005.

MDCPS has conducted a public school concurrency review for this application and has determined that it is **(Vested)**.
 This application is considered vested and therefore exempt from the requirements of public school concurrency because of one of the following conditions applies:
 1) the development has a valid, unexpired site plan or final plat or functional equivalent, as of December 31, 2007;
 2) the development had an executed and recorded covenant and/or provided monetary mitigation payments, as of December 31, 2007, under the School Board's previous voluntary mitigation procedures; or
 3) the development is a Development of Regional Impact for which a development order was issued, pursuant to Chapter 380, Florida Statutes, prior to July 1, 2005 or for which an application was submitted prior to May 1, 2005.

*An Impact reduction of <u>11.84%</u> included for charter and magnet schools (Schools of Choice).						

MDCPS has conducted a public school concurrency review for this application and has determined that it is **(Vested)**.
 This application is considered vested and therefore exempt from the requirements of public school concurrency because of one of the following conditions applies:
 1) the development has a valid, unexpired site plan or final plat or functional equivalent, as of December 31, 2007;
 2) the development had an executed and recorded covenant and/or provided monetary mitigation payments, as of December 31, 2007, under the School Board's previous voluntary mitigation procedures; or
 3) the development is a Development of Regional Impact for which a development order was issued, pursuant to Chapter 380, Florida Statutes, prior to July 1, 2005 or for which an application was submitted prior to May 1, 2005.

RE: EXTENSION OF PUBLIC SCHOOL CONCURRENCY DETERMINATION
Brickell Flatiron T- Plat No. 22195
Folio No. 0102070301010

Dear Applicant:

We have processed your request to extend the school concurrency capacity reservation for the above-referenced application, under Master Concurrency Number MA0108082000009. Extension of the reservation term has been approved and is hereby extended to **August 30, 2010**. The reservation period may be further extended for four (4) more one-year intervals, for a maximum school concurrency reservation period not to exceed six years. Extensions may be requested 120 days prior to the expiration date, via email address concurrency@dadeschools.net. Extensions will be granted, upon payment of the corresponding review fee and acknowledgement from the local government. However, the reservation period may not exceed the term of the development approval issued by The City of Miami.

Should you have any questions, please feel free to contact me at 305-995-7287.

Sincerely,

Vivian G. Villaamil
Director I

**RE: EXTENSION OF PUBLIC SCHOOL CONCURRENCY DETERMINATION
San Remo Homes at Homestead, LLC**

Dear Applicant:

The above-referenced residential development application was reviewed for Public School Concurrency Determination and capacity was reserved for a one year period, under Master Concurrency Number MA1008102200021.

On March 9, 2009, Ms. Cris Pires requested on your behalf, that the concurrency reservation be extended until February 14, 2010 so that it will correspond with the new date of the approved Site Plan by the City of Homestead. The reservation term is hereby extended until February 14, 2010 and may be further extended for a maximum of four (4) more one-year intervals, for a total school concurrency reservation period of six years. Extensions may be requested 120 days prior to the expiration date, via email address concurrency@dadeschools.net. Extensions will be granted, upon payment of the corresponding review fee and acknowledgement from the local government. However, the reservation period may not exceed the term of the development approval issued by The City of Homestead.

Should you have any questions, please feel free to contact me at 305-995-4501.

Sincerely,

Ivan M. Rodriguez, F.A.
Director II

**RE: SECOND EXTENSION OF PUBLIC SCHOOL CONCURRENCY DETERMINATION
SAN REMO HOMES AT HOMESTEAD, LLC (T-22868)
Folio No. 1079170010101**

Dear Applicant:

We have processed your request to extend the school concurrency capacity reservation for the above-referenced application, under Master Concurrency Number MA1008102200021. Per your request, extension of the reservation term has been approved and is hereby extended to **February 14, 2011** in order to correspond with the date of the approved Site Plan by the City of Homestead. The reservation period may be further extended for three (3) more one-year intervals, for a maximum school concurrency reservation period not to exceed six years. Extensions may be requested 120 days prior to the expiration date, via email address concurrency@dadeschools.net. Extensions will be granted, upon payment of the corresponding review fee and acknowledgement from the local government. However, the reservation period may not exceed the term of the development approval issued by The City of Homestead.

Should you have any questions, please feel free to contact me at 305-995-7287.

Sincerely,

Vivian G. Villaamil
Director I

**RE: PUBLIC SCHOOL CONCURRENCY DETERMINATION – EXTENSION No. 1
BELL ISLE APARTMENTS - SP0209012000071
Folio No. 0232330060010**

Dear Applicant:

We have processed your request to extend the school concurrency capacity reservation for the above-referenced application under Master Concurrency Number MA0209012000071. The extension of the reservation term has been approved and is hereby extended to **January 29, 2011**. The reservation period may be further extended for four (4) more one-year intervals, for a maximum school concurrency reservation period not to exceed six years. Extensions may be requested 120 days prior to the expiration date, via email address concurrency@dadeschools.net. Extensions will be granted, upon payment of the corresponding review fee and acknowledgement from the local government. However, the reservation period may not exceed the term of the development approval issued by The City of Miami Beach.

Should you have any questions, please feel free to contact me at 305-995-7287.

Sincerely,

Vivian G. Villaamil
Director I

FINANCIAL RECONCILIATION REPORT

Public School Concurrency

Department of Planning, Design and Sustainability

Financial Reconciliation for 2009

Pursuant to the Public School Concurrency Schedule of Fees adopted by the Staff Working Group (SWG) (located as attachment D in the Procedures Manual for Implementing the ILA), the School Concurrency Management System (SCMS) charges a review fee from each application. The amount of the fee depends on the type of review and when testing for concurrency on the amount of residential units being developed. Local governments may be exempt from paying these review fees by submitting a waiver request to the School District for consideration.

Payments are received by the system electronically via credit card payment. Check payments are also received by the School District to accommodate those applicants unable to pay via credit card.

The following report details the payment history of all transactions processed by the SCMS for the 2009 period, from January 1, 2009 until December 18, 2009. Transactions that did not pay their review fee were not processed by the system. They have been either revoked or are still unprocessed pending payment.
